{A 152}	Continued From page 1 event of an emergency. (d) Residents who use portable bedside commodes must be provided with privacy during use. (e) Facilities must make available linens and personal laundry services for residents who require such services. Linens provided by a facility must be free of tears, stains and must not be . . This Statute or Rule is not met as evidenced by: DEFICIENCY REMAINED UNCORRECTED Based on observation, facility documentation and interviews, the facility failed to ensure the air conditioner unit (mechanical and electrical systems) were in working order as required on the 2nd floor of the Assisted Living Facility (ALF). Findings: An observation on at 3:35 PM, revealed a total of 5 temporary air conditioner units located on the 2nd floor. The first unit was observed immediately exiting the elevator in the common area, 3 additional units upon exiting the elevator to the right near the piano in the common sitting area, and 1 unit exiting the elevator to the left near . On at 3:17 PM, the Regional Plant Operations , stated they've all been replaced with (4) RTU roof top units. Further stating, 1 unit has a faulty part and we're waiting for the manufacturer and installers to repair and/or replace it. Adding, the 2nd floor is where the unit is located with the faulty part. On at 3:45 PM, the resident of stated the unit outside of her room in the common	{A 152}

{A 152}	Continued From page 2 area has been there for a while. She explained the noise does not bother her when her door is closed and she can't hear it at night while sleeping. The Administrator was asked to provide the documentation to support the 4 replaced units as previously stated. On at 3:58 PM, the Administrator stated he's waiting for the company to send over the paperwork. Further stating, the work was not completed in as originally planned due to the company having to wait to receive the units. The work was started this past Monday, referring to . On at 4:45 PM, the Regional Compliance Director stated they're not able to get receipts due to the workers just finishing today and have not turned in their paperwork. In addition, there were only 2 units replaced and the 3rd unit on the 2nd floor requires repair or replacement, which is the one that's not working. The 4 existing units did not have any issues. On at 3:43 PM, the Administrator provided the documentation via email dated which stated Inspired Living Windermere - 3 RTU replacements & installations/ job complete. On page 17 of 20 states project proposal dated read Facility Guard is pleased to submit our proposal to replace the wrong RTU that was installed. Our proposed scope of work includes we will remove the Daikin RTU labeled and we will install a properly formatted DOAS Captive Aire unit. Unit is on order; lead time is approximately 8 to 10 weeks.	{A 152}
