A 000	Initial Comments A re-licensure survey in conjunction with a generator monitoring was conducted at TL Sea Home Care Services on . The provider had deficiencies identified at the time of the survey.	A 000			
A 033 SS=D	59A-36.007(8) PHYSICAL (8) PHYSICAL . Residents for whom a physician has prescribed a physical must have a written care plan for the use of the physical . The care plan must be developed within 14 days of the device being prescribed, and prior to use on the resident. (a) The care plan must specify: 1. The device prescribed for use; 2. The maximum amount of time the resident is to have the . applied each day; and, 3. In what manner and frequency staff will monitor, observe, and report to the physician any injuries, increase in agitation, signs and symptoms of , , , or decline in mobility or function related to the use of the prescribed . (b) Facility staff must ensure that the device is applied appropriately and safely. (c) The resident's physician must review the appropriateness of the continued use of the physical annually, and documentation of this review must be maintained in the resident's record. If the resident's ability to independently remove or avoid the device fluctuates, the device must be considered a physical and all requirements of this subsection apply. This Statute or Rule is not met as evidenced by: Based on observation, record review and interview, the facility failed to have a prescription, care plan and consent for the use of physical	A 033

A 052	Continued From page 4 429.256(3), F.S., assistance with self-administration of medication includes, orally advising the resident of the name and dosage of the medication and verbally prompting a resident to take medications as prescribed. (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility. 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record. 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging.	A 052
