{A 152}	Continued From page 1 use. (e) Facilities must make available linens and personal laundry services for residents who require such services. Linens provided by a facility must be free of tears, stains and must not be . This Statute or Rule is not met as evidenced by: Based on record observation and interview, the facility failed to provide a safe, clean and decent living environment free of safety hazards for 40 residents that reside in buildings 1490, 1480, 1491, and 1481 at the facility, which was specialty licensed for Limited Mental Health (LMH). The findings included: During a tour of the facility on from 9:51AM to 12:53PM the following concerns were identified: Building 1490 a) Vending machine (with variety of drinks inside) appeared to be abandoned exposed to weather elements showing corrosion and rust reddish-brown spots at the bottom (base) flaking patches. The paint was peeling and revealing corroded metal beneath. Review of inside the machine reflecting the same condition, noted to be rusty and extremly dirty. A blue tape above the coin deposit compartment revealed a 1.00-dollar sign (indicating drinks are one dollar). Surveyor observed the residents using the soda vending machine to purchase drinks. b) Food storage room revealed a large gaping hole int the ceiling above the emergency food supply in the left corner of the room.	{A 152}

{A 152}	Continued From page 2 Building 1480 a) had a white dresser that was missing half of the white laminate covering and brown dresser missing bottom drawer. b) Common area where residents congregate to do daily activities, observations revealed armchairs blue with gold and beige stripes that were stained, soiled and dirty. In between the two chairs was a wooden endtable that had red stains, was chipped and covered with scuff marks Building 1481 a)) A/C unit storage closet door had approximately 7 missing vent louvers (a panel with angled, parallel slats that allow air to pass through while blocking debris and other unwanted elements). Building 1491 a) A dining table with approximately 6 black chairs and a brown chair. The chairs had a cracked and peeling leather seat cushions. b) Exposed electrical wiring on the wall near common area bathroom. c) A/C unit storage closet door had approximately 3 missing vent louvers (a panel with angled, parallel slats that allow air to pass through while blocking debris and other unwanted elements). During an interview with the Administrator on , at 1:24PM, he was notified of the items that had not been corrected at the time of survey. At this time, the Administrator offered to provide documentation of invoices and receipts for the uncorrected items. He was notified that the outstanding physical plant had been identified since and it could not be corrected. The Adminsitrator stated, he was using his internal maintenance person to make repairs and	{A 152}
