(ZZ830)	Continued From page 2 approved by the agency to report information to the agency regarding the provider's emergency status, planning, or operations. This Statute or Rule is not met as evidenced by: Based on record review and interview, the facility failed to submit a Comprehensive Emergency Management Plan (CEMP) to the local emergency management agency annually. Findings Include: Review of the facility's CEMP conducted on 3/4/26 revealed no letter of approval from the local emergency management agency for the current year. The only documentation available, consisted of informal email correspondence between the facility and the Lake County Public Safety Department. These communications did not constitute a completed or approved plan, nor did they provide evidence of a formal re-submission following the plan's rejection in 2025. During an interview via telephone on 3/4/26 at 1:13 PM, the Emergency Management Associate for the Lake County Public Safety Department, stated, "They have not had an approval since 2023. The county has not received a re-submission from the facility following the previous rejection." During an interview conducted on 3/4/26 at 1:23 PM the Administrator stated, "I have been waiting for the fire doors to be completed and inspected to submit the CEMP." Class III	(ZZ830)
