A 079	Continued From page 5 requirements specified in paragraph (a), all facilities, including those composed of apartments, must have enough qualified staff to provide resident supervision, and to provide or arrange for resident services in accordance with the residents' scheduled and unscheduled service needs, resident contracts, and resident care standards as described in rule 59A-36.007, F.A.C. (c) The facility must maintain a written work schedule that reflects its 24-hour staffing pattern for a given time period. Upon request, the facility must make the daily work schedules of direct care staff available to residents or their representatives. (d) The facility must provide staff immediately when the agency determines that the requirements of paragraph (a) are not met. The facility must immediately increase staff above the minimum levels established in paragraph (a), if the agency determines that adequate supervision and care are not being provided to residents, resident care standards described in rule 59A-36.007, F.A.C., are not being met, or that the facility is failing to meet the terms of residents' contracts. The agency will consult with the facility administrator and residents regarding any determination that additional staff is required. Based on the recommendations of the local fire safety authority, the agency may require additional staff when the facility fails to meet the fire safety standards described in rule chapter 69A-40, F.A.C., until such time as the local fire safety authority informs the agency that fire safety requirements are being met. 1.
