A 093	Continued From page 16 by offering a variety of meals adapted to the food habits, preferences, and physical abilities of the residents, and must be prepared through the use of standardized recipes. For facilities with a licensed capacity of 16 or fewer residents, standardized recipes are not required. Unless a resident chooses to eat less, the facility must serve the standard minimum portions of food according to the Dietary Reference Intakes. (c) All regular and therapeutic menus to be used by the facility must be reviewed annually by a licensed or registered dietitian, a licensed nutritionist, or a registered dietetic technician supervised by a licensed or registered dietitian, or a licensed nutritionist to ensure the meals meet the nutritional standards established in this rule. The annual review must be documented in the facility files and include the original signature of the reviewer, registration or license number, and date reviewed. Portion sizes must be indicated on the menus or on a separate sheet. 1. Daily food servings may be divided among three or more meals per day, including snacks, as necessary to accommodate resident needs and preferences. 2. Menu items may be substituted with items of comparable nutritional value based on the seasonal availability of fresh produce or the preferences of the residents. (d) Menus must be dated and planned at least 1 week in advance for both regular and therapeutic diets. Residents must be encouraged to participate in menu planning. Planned menus must be conspicuously posted or easily available to residents. Regular and therapeutic menus as served, with substitutions noted before or when the meal is served, must be kept on file in the facility for 6 months. (e) Therapeutic diets must be prepared and	A 093
