

STATEMENT OF DEFICIENCIES	(X1) PROVIDER/SUPPLIER IDENTIFICATION NUMBER: AL11965472	(X3) DATE SURVEY COMPLETED 11/03/2014
NAME OF PROVIDER OR SUPPLIER Belvedere Commons Of Fort Walton Beach	STREET ADDRESS, CITY, STATE, ZIP CODE 2000 Principal Lane Fort Walton Beach, FL 32547	
SUMMARY STATEMENT OF DEFICIENCIES (FINDINGS PRECEDED BY TAG AND REGULATORY IDENTIFYING INFORMATION)		

0000-Initial Comments

Complaint #2014008923 was investigated at Belvedere Commons Assisted Living Facility on The complaint was partially confirmed. At the time of survey the facility had deficient practice.

0007-Admissions - Criteria 58A-5.0181(1) FAC

Based on observation, record review and staff interview, the facility admitted a resident with an unstageable for 1 of 3 residents with wounds. (#1)

The findings are:

Record review indicates resident #1 was admitted on Review of the resident's health assessment dated section C, which asks if the resident has any 3, 4 pressure sores indicated a to the left heel and an unstageable to the right heel.

Observation of the right heel on at 1:45 pm found a quarter size area of black eschar (eschar is an area of often tissue).

The record indicated the unstageable to right heel has decreased in size from admission to present with care provided by home health nurses.

Interview with the administrator and director of nursing on at 10:05 am indicated they did not know a resident could not be admitted with an unstageable pressure area.

Class III

0010-Admissions - Continued Residency 58A-5.0181(4) FAC

Based on observation, record review and staff interview it was determined the facility admitted a resident (#1) with a that was unstageable out of 3 residents sampled for wounds.

The findings are:

Review of the resident's health assessment dated section C which asks if the resident has any 3, 4 pressure sores indicated a to left heel and an unstageable to the right heel.

Observation of right heel on at 1:45 pm found quarter size black eschar to heel.

The record indicated the unstageable to the right heel has decreased in size from admission to present with care provided by home health nurses.

Interview with the administrator and director of nursing on at 10:05 am indicated they did not know a resident could not be admitted with an unstageable pressure area.

RE: CCR #2014008923

Dear Administrator:

This letter reports the findings of a state licensure survey that was conducted on 2014 by a representative of this office.

Attached is the provider's copy of the State (5000-3547) Form, which indicates the deficiencies that were identified on the day of the visit. Section 408.811(4), Florida Statutes, requires that you correct these deficiencies within thirty days of the date of this letter unless the Agency has approved another timeframe. Staff from this office will conduct a review after to verify that the necessary corrections are in place to correct the deficiencies identified on your survey.

The Quality Assurance Questionnaire has long been employed to obtain your feedback following survey activity. This form has been placed on the Agency's website at <http://ahca.myflorida.com/Publications/Forms.shtml> as a first step in providing a web-based interactive consumer satisfaction survey system. You may access the questionnaire through the link under Health Facilities and Providers on this page. Your feedback is encouraged and valued, as our goal is to ensure the professional and consistent application of the survey process.

Thank you for the assistance provided to the surveyor. Should you have any questions please call me at (850) 412-4540.

Sincerely,

for Donah Heiberg, M.S.W.
