Assisted Living Facility

An unannounced complaint survey (CCR# 2015013315) was conducted on 2/15/16, in conjunction with an unannounced biennial state licensure survey with limited mental health services (LMH). The Green Acres, Assisted Living Facility, had no deficiencies cited relative to the complaint survey. Deficiencies were cited relative to the biennial state licensure survey.

RE: CCR# 2015013315 & Biennial

Dear Administrator:

This letter reports the findings of a complaint survey and a biennial state licensure survey with limited mental health (LMH) services that was conducted on February 15, 2016 by representative(s) of this office.

Attached are the provider's copies of the State (5000-3547) Forms, which indicate no deficiencies were identified relative to the complaint survey, and the deficiencies that were identified relative to the biennial with LMH. Section 408.811(4), Florida Statutes, requires that you correct these deficiencies within thirty days of the date of this letter unless the Agency has approved another timeframe. **Please attach a summary of your corrective action for each deficiency, including completion dates, on your letterhead. Also include any additional documentation to support correction of identified deficiencies. Submit summary and documents to the Field Office no later than March 5, 2016.** Staff from this office will conduct a review of the provided corrective action and supporting documentation to verify that the necessary corrections are in place to correct the deficiencies identified on your survey, which may include a desk review or onsite revisit.

The Quality Assurance Questionnaire has long been employed to obtain your feedback following survey activity. This form has been placed on the Agency's website at http://ahca.myflorida.com/Publications/Forms.shtml as a first step in providing a web-based interactive consumer satisfaction survey system. You may access the questionnaire through the link under **Health Facilities and Providers** on this page. Your feedback is encouraged and valued, as our goal is to ensure the professional and consistent application of the survey process.
