2. Personnel record review for staff E, a nurse, revealed a hire date of The record contained evidence that staff E received 's level 1 training on and level 2 training on . The personnel record contained certificates of training for 's level 1 training in 2016 and 2017. However, the record contained no evidence to indicate staff E received 4 hours of ADRD continuing education annually in 2016 and 2017, which differed from level 1 training. On at 3:30 PM, an interview with both the Administrator and Business Office Manager who confirmed the findings. Class III N278 - LNS - Records - 58A-5.031(3) FAC Based on record reviews and interview, the facility failed to ensure that nursing progress notes were maintained for a resident (#5) who received Limited Nursing Services (LNS.) Findings: Resident #5 was identified as receiving LNS for a brace to her left lower leg. A health care provider order that was dated on indicated that the leg brace for resident #5 was to be put on when getting dressed in the morning and taken off when going to bed at night. Review of her LNS nursing progress notes revealed there was not a note written on to indicate the brace was removed and on to indicate the brace was put on. On at 1:20 pm, the wellness director confirmed the findings. Class III
