SUMMARY STATEMENT OF DEFICIENCIES
(FINDINGS PRECEDED BY TAGS AND REGULATORY IDENTIFYING INFORMATION)

Z814 - Background Screening Clearinghouse - 435.12(2)(b-d), FS

Based on interview and record review, the facility failed to ensure that there was less than a 90-day break in service in a position that required a Level II Background Screening for 1 of 3 sampled staff (Staff C).

Findings

A record review was conducted of the personnel record of Staff C. The record revealed that Staff C was hired on 7/31/2017. Staff C's Level II Background Screening (BGS), was conducted on 12/3/2015. The record showed that Staff C left her previous employer, an Assisted Living Facility, on 2/6/2017. There was no documentation that Staff C had been employed in a position requiring a BGS from the time she left her previous employer, until she was hired by the facility. This was a break of greater than 90-days in service, and necessitated a new BGS.

A review was conducted of the Agency for Healthcare Administration (AHCA) Background Screening Clearinghouse web site. The information listed above was verified as being accurate.

On 2/21/2018 at 1:50 PM, an interview was conducted with the Business Office Manager (BOM). The BOM verified that Staff C had greater than a 90-day break in service in a position requiring BGS.
