The facility had deficiencies at the time of the visit. 0181 - Emergency Plan Approval - 58A-5.026(2) FAC Based on record review, and interview, the facility failed to ensure that their Comprehensive Emergency Management Plan (CEMP) was up-to-date and approved by the Local County Emergency Management Division. The findings include: During the relicensure survey conducted at the facility on 07/18/2018, the facility's Administrator provided this surveyor with a letter from (Local County Division of Emergency Management) dated 07/18/2018 stating that the facility's Comprehensive Emergency Management Plan (CEMP) was approved through 07/18/2018. Upon reviewing the CEMP provided between 1:20 PM and 1:35 PM, this surveyor noticed that the CEMP had expired. This surveyor asked the Administrator for their currently approved CEMP. The Administrator stated that the "(Local County Division of Emergency Management) was not approving any CEMP'S until they completed/approved your Emergency Environmental Control Plan" (EECP). During the Exit Interview on 07/18/2018 between 2:56 PM and 3:02 PM, this surveyor reiterated that the CEMP provided had expired. The Administrator acknowledged and restated that the delay was because the Local County Division of Emergency Management was not approving them until the EECP was approved. Class III
