License (#11504)

0025 - Resident Care - Supervision - 429.26(7) FS; 58A-5.0182(1) FAC

Based on record review and interview, the facility failed to contact the health care provider or any other responsible party when one of five residents selected for record review (Resident #1) experienced a significant change and refused to take their ordered . . . medications for several weeks.

Findings Included:

A resident record review conducted on 11/21/2018 revealed that based on the resident health assessment, Resident #1 had a diagnosis of . . . and required medication management. A progress note dated . . . stated "moved in today, having . . . , . . . , refusing meds and refusing to see psych doctor." A progress note dated . . . stated " mistreated the housekeeper, called them names about being dark skinned, thinks housekeeping is stealing, does want not the housekeeper to be left alone in room." A progress note dated . . . stated "has been refusing psych meds because they say they do not need it." A progress noted dated 11/07/18 stated "still refusing meds, been treating staff badly, calls one staff bad names because they are black, does not like the Spanish worker here because states we are all taking their things." There was no documentation in Resident #1's record that the resident's healthcare provider or responsible party had been notified.

During an interview with the Assistant Administrator on 11/21/2018 at 2:24pm, they stated, "All I have is the progress notes, I do not have anything where we told the Doctor. They refuse their psych meds, stating that they are not a . . . patient. They make things up, say people are always stealing and hitting them."
