A 200	Continued From page 14 consumer-friendly summary of the emergency power plan to the Agency. The Agency shall post the summary and notice of the approval and implementation of the assisted living facility emergency power plans on its website within ten (10) business days of the plan's approval by the local emergency management agency and update within ten (10) business days of implementation. (4) IMPLEMENTATION OF THE PLAN. (a) Each assisted living facility licensed prior to the effective date of this rule shall, no later than _____, have implemented the plan required under this rule. (b) The Agency shall allow an extension up to _____ to providers in compliance with subsection (c), below, and who can show delays caused by necessary construction, delivery of ordered equipment, zoning or other regulatory approval processes. Assisted living facilities shall notify the Agency that they will utilize the extension and keep the Agency apprised of progress on a quarterly basis to ensure there are no unnecessary delays. If an assisted living facility can show in its quarterly progress reports that unavoidable delays caused by necessary construction, delivery of ordered equipment, zoning or other regulatory approval processes will occur beyond the initial extension date, the assisted living facility may request a waiver pursuant to Section 120.542, F.S. (c) During the extension period, an assisted living facility must make arrangements pending full implementation of its plan that provides the residents with an area or areas to congregate that meets the safe indoor air temperature requirements of paragraph (1)(a), for a minimum of ninety-six (96) hours. 1. An assisted living facility not located in an	A 200

A 200	Continued From page 16 ensure that the assisted living facility can effectively and immediately activate, operate and maintain the alternate power source and any fuel required for the operation of the alternate power source. The procedures shall ensure that residents do not experience complications from fluctuations in . . . air temperatures inside the facility. Procedures must address the care of residents occupying the facility during a declared state of emergency, specifically, a description of the methods to be used to mitigate the potential for heat related injury including: 1. The use of cooling devices and equipment; 2. The use of refrigeration and freezers to produce ice and appropriate temperatures for the maintenance of medicines requiring refrigeration; 3. Wellness checks by assisted living facility staff to monitor for signs of . . . and heat injury; and, 4. A provision for obtaining medical intervention from emergency services for residents whose life safety is in jeopardy. (b) Each assisted living facility shall maintain the written policies and procedures in a manner that makes them readily available at the licensee's physical address for review by a legally authorized entity. If the policies and procedures are maintained in an electronic format, assisted living facility staff must be readily available to access the policies and procedures and produce the requested information. For purposes of this section, "readily available" means the ability to immediately produce the policies and procedures, either in electronic or paper format, upon request. (c) The written policies and procedures must be readily available for inspection by each resident; each resident's legal representative, designee, surrogate, guardian, attorney in fact, or case manager; each resident's estate; and such	A 200

A 200	Continued From page 18 "readily available" means the ability to immediately produce the notifications, either in electronic or paper format, upon request. This Statute or Rule is not met as evidenced by: Based on observation, record review and interview, the facility failed to have fuel onsite to ensure that it was equipped to maintain air temperatures at or below 81 degrees Fahrenheit for a minimum of 48 hours in the event of the loss of primary electrical power. The facility also failed to notify the Agency for Health Care Administration, the residents and/o the residents' legal guardians of the completion of the implementation of its Emergency Power Plan (EPP). Findings included: On at 10:26 AM, observed of fuel was done at the facility. The facility did not have fuel onsite. Review of the Florida Health Finder Database on showed that the facility's EPP was fully implemented on . However, the facility did not notify the residents and their legal guardian in writing of the implementation. Review of the facility's EPP log on showed that its generator maintenance log was not completed. On at 10:44 AM, the Administrator/Owner stated "I don't have gas for the generator. It works with propane and gasoline. My husband is going to buy it." Class III	A 200
