A 000	Initial Comments An announced initial survey was completed on ... for Eden Paradise Assisted Living LLC, an assisted living facility in Cape Coral, Florida. The following is a description of the deficiencies.	A 000		
A 009	58A-5.0181(3) FAC; 400.0078(2) Admissions - Admission Package (3) ADMISSION PACKAGE. (a) The facility must make available to potential residents a written statement(s) that includes the following information listed below. Providing a copy of the facility resident contract or facility brochure containing all the required information meets this requirement. 1. The facility's admission and continued residency criteria; 2. The daily, weekly or monthly charge to reside in the facility and the services, supplies, and accommodations provided by the facility for that rate; 3. Personal care services that the facility is prepared to provide to residents and additional costs to the resident, if any; 4. Nursing services that the facility is prepared to provide to residents and additional costs to the resident, if any; 5. Food service and the ability of the facility to accommodate special diets; 6. The availability of transportation and additional costs to the resident, if any; 7. Any other special services that are provided by the facility and additional cost if any; 8. Social and leisure activities generally offered by the facility; 9. Any services that the facility does not provide but will arrange for the resident and additional cost, if any;	A 009

A 200	Continued From page 25 and maintain the generator. The findings included: On at 9:45 a.m., a portable 7000-watt generator was observed in a box in the garage. There was no fuel available for the generator to run for 48 hours. The generator was still in the box, and the facility had not prepared for the hook-up yet. Observation found no shed 10 from the home and no flammable storage cabinet to store the fuel in, when the shed is built. On at 9:45 a.m., the Administrator said she had purchased the generator to cool the house in the event of an emergency. She said she plans to build a shed to store and run the generator in. She verified the generator ran on gasoline. The Administrator said the maintenance man would be coming to hook-up the 12- cord to the generator, build the shed and install the quick connect hook-up into the electrical panel. The Administrator said that once the generator is hooked up they can begin to test it monthly. The administrator verified she had no fuel on site for the generator at this time. She said she had planned to get gasoline every time they used 2 of the 5-gallon containers. She did not have a plan/receptacles to obtain the remaining 48 hours of fuel when an emergency has been declared. The Administrator said she could not locate the emergency power plan. She did not know where it was. She said she did not have a written procedure for hooking up and testing the generator at the facility. She thought it might be part of the EPP she submitted to the County. She said the plan was at her home as she was using it to complete the comprehensive emergency	A 200
