{A 052}	Continued From page 2 58A-5.0185 (3) ASSISTANCE WITH SELF-ADMINISTRATION. (a) Any unlicensed person providing assistance with self-administration of medication must be 18 years of age or older, trained to assist with self administered medication pursuant to the training requirements of rule 58A-5.0191, F.A.C., and must be available to assist residents with self-administered medications in accordance with procedures described in section 429.256, F.S. and this rule. (b) In addition to the specifications of section 429.256(3), F.S., assistance with self-administration of medication includes, in the presence of the resident, reading the medication label aloud and verbally prompting a resident to take medications as prescribed. (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility, 2. The medication container may be given to the	{A 052}

{A 052}	Continued From page 3 resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in section 429.256(4), F.S. 1. As used in section 429.256(4)(g), F.S., the term "competent resident" means that the resident is cognizant of when a medication is required and understands the purpose for taking the medication. 2. As used in section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition. (g) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: DEFICIENCY REMAINED UNCORRECTED Based on observations and record reviews, the facility failed to ensure the unlicensed caregiver (E) who assisted a resident (#17) with self-administration of medications followed the correct procedures. Findings:	{A 052}

{A 052}	Continued From page 4 Observations made during a medication pass for resident #17 on _____ at 12 p.m. revealed the resident sat in a chair, in memory care, against a wall opposite to where the medication cart was stationed. Unlicensed caregiver E unlocked the cart, unlocked the _____ drawer, removed a med package, popped a pill into a cup, returned the package to the drawer, locked the cart, took the pill to the resident, then told him her name and said, "I'm your med tech and I'm here to give you your medicine." She poured the pill into the resident's left _____ then the resident took it with water and without assistance. She observed him take the pill then instructed him to sign a 'proof of services' form. She returned to the cart and signed the medication observation record. Caregiver E did not take the medication, in its previously dispensed, properly labeled container from where it was stored, bring it to the resident and in the presence of the resident, read the label aloud, and remove a prescribed amount of medication from the container. The caregiver confirmed the findings. Class III	{A 052}

{A 055}	Continued From page 5 rooms or apartments if either the room is kept locked when residents are absent or the medication is stored in a secure place that is out of sight of other residents. (b) Both prescription and over-the-counter medications for residents must be centrally stored if: 1. The facility administers the medication; 2. The resident requests central storage. The facility must maintain a list of all medications being stored pursuant to such a request; 3. The medication is determined and documented by the health care provider to be hazardous if kept in the personal possession of the person for whom it is prescribed; 4. The resident fails to maintain the medication in a safe manner as described in this paragraph; 5. The facility determines that, because of physical arrangements and the conditions or habits of residents, the personal possession of medication by a resident poses a safety hazard to other residents, or 6. The facility's rules and regulations require central storage of medication and that policy has been provided to the resident before admission as required in rule 58A-5.0181, F.A.C. (c) Centrally stored medications must be: 1. Kept in a locked cabinet, locked cart, or other locked storage receptacle, room, or area at all times; 2. Located in an area free of dampness and abnormal temperature, except that a medication requiring refrigeration must be kept refrigerated. Refrigerated medications must be secured by being kept in a locked container within the refrigerator, by keeping the refrigerator locked, or by keeping the area in which the refrigerator is located locked; 3. Accessible to staff responsible for filling	{A 055}

{A 055}	Continued From page 6 pill-organizers, assisting with self-administration of medication, or administering medication. Such staff must have ready access to keys or codes to the medication storage areas at all times; and, 4. Kept separately from the medications of other residents and properly closed or sealed. (d) Medication that has been discontinued but has not expired must be returned to the resident or the resident's representative, as appropriate, or may be centrally stored by the facility for future use by the resident at the resident's request. If centrally stored by the facility, the discontinued medication must be stored separately from medication in current use, and the area in which it is stored must be marked "discontinued medication." Such medication may be reused if prescribed by the resident's health care provider. (e) When a resident's stay in the facility has ended, the administrator must return all medications to the resident, the resident's family, or the resident's guardian unless otherwise prohibited by law. If, after notification and waiting at least 15 days, the resident's medications are still at the facility, the medications are considered abandoned and may be disposed of in accordance with paragraph (f). (f) Medications that have been abandoned or have expired must be disposed of within 30 days of being determined abandoned or expired and the disposal must be documented in the resident's record. The medication may be taken to a pharmacist for disposal or may be destroyed by the administrator or designee with one witness. (g) Facilities that hold a Special-ALF permit issued by the Board of Pharmacy may return dispensed medicinal drugs to the dispensing pharmacy pursuant to rule 64B16-28.870, F.A.C. This Statute or Rule is not met as evidenced by:	{A 055}

{A 055}	Continued From page 7 DEFICIENCY REMAINED UNCORRECTED Based on observations, record reviews, and interview, the facility failed to centrally store a medication for a resident (#15) who received assistance with self-administration of medications. Findings: Observations made with the director of nursing on at 10:54 a.m. revealed resident #15 had over the counter bottles of B6, D3, and Iron unsecured in her room. The director of nursing said she did not know why the medications were in the resident's room since the resident required assistance with her medications. She said the facility asked the resident's health care provider if the resident could be allowed to self-administer her over the counter medications, but the provider did not agree. Resident #15's current 1823 health assessment form, dated , indicated that she requires assistance with self-administration of medications, she has a diagnosis of , and she has forgetfulness. Photographic evidence obtained. Class III	{A 055}
