CZ824 SS=C	408.811 FS; 59A-35.120 FAC Right of Inspection; Inspection Reports 408.811 Right of inspection; copies; inspection reports; plan for correction of deficiencies.- (1) An authorized officer or employee of the agency may make or cause to be made any inspection or investigation deemed necessary by the agency to determine the state of compliance with this part, authorizing statutes, and applicable rules. The right of inspection extends to any business that the agency has reason to believe is being operated as a provider without a license, but inspection of any business suspected of being operated without the appropriate license may not be made without the permission of the owner or person in charge unless a warrant is first obtained from a circuit court. Any application for a license issued under this part, authorizing statutes, or applicable rules constitutes permission for an appropriate inspection to verify the information submitted on or in connection with the application. (a) All inspections shall be unannounced, except as specified in s. 408.806. (b) Inspections for relicensure shall be conducted biennially unless otherwise specified by authorizing statutes or applicable rules. (2) Inspections conducted in conjunction with certification, comparable licensure requirements, or a recognized or approved accreditation organization may be accepted in lieu of a complete licensure inspection. However, a licensure inspection may also be conducted to review any licensure requirements that are not also requirements for certification. (3) The agency shall have access to and the licensee shall provide, or if requested send, copies of all provider records required during an inspection or other review at no cost to the agency, including records requested during an	CZ824

A 052	Continued From page 11 self-administered medications in accordance with procedures described in section 429.256, F.S. and this rule. (b) In addition to the specifications of section 429.256(3), F.S., assistance with self-administration of medication includes, in the presence of the resident, reading the medication label aloud and verbally prompting a resident to take medications as prescribed. (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility, 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record,	A 052

A 052	Continued From page 12 or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in section 429.256(4), F.S. 1. As used in section 429.256(4)(g), F.S., the term "competent resident" means that the resident is cognizant of when a medication is required and understands the purpose for taking the medication. 2. As used in section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition. (g) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation and interview, the facility failed to follow the procedures outlined by the state when assisting one of eight sampled residents, (Resident 5) with self-administration of medications. Findings included: On _____ at 8:45 AM, observed Staff B assisting Resident 5 with self-administration of medications. The staff washed her _____ and put new gloves, took the resident's medications, the medication book and a cup with water to the resident who was seated at the dining table. The staff identified the medications to the resident while transferring the pills from the card to the small container by touching each pill individually; then, the staff initialed the medication book.
