(d) The acquisition and maintenance of a monoxide alarm. (2) SUBMISSION OF THE PLAN. (a) Each assisted living facility licensed prior to the effective date of this rule shall submit its plan to the local emergency management agency for review within 30 days of the effective date of this rule. Assisted living facility plans previously submitted and approved pursuant to Emergency Rule 58AER17-1, F.A.C., will require resubmission only if changes are made to the plan. (b) Each new assisted living facility shall submit the plan required under this rule prior to obtaining a license. (c) Each existing assisted living facility that undergoes any additions, modifications, alterations, refurbishment, renovations or reconstruction that require modification of its systems or equipment affecting the facility's compliance with this rule shall amend its plan and submit it to the local emergency management agency for review and approval. (3) APPROVED PLANS. (a) Each assisted living facility must maintain a copy of its approved plan in a manner that makes the plan readily available at the licensee's physical address for review by a legally authorized entity. If the plan is maintained in an electronic format, assisted living facility staff must be readily available to access and produce the plan. For purposes of this section, "readily available" means the ability to immediately produce the plan, either in electronic or paper format, upon request.	A 200

A 200	Continued From page 25 (b) Within two (2) business days of the approval of the plan from the local emergency management agency, the assisted living facility shall submit in writing proof of the approval to the Agency for Health Care Administration. (c) The assisted living facility shall submit a consumer-friendly summary of the emergency power plan to the Agency. The Agency shall post the summary and notice of the approval and implementation of the assisted living facility emergency power plans on its website within ten (10) business days of the plan's approval by the local emergency management agency and update within ten (10) business days of implementation. (4) IMPLEMENTATION OF THE PLAN. (a) Each assisted living facility licensed prior to the effective date of this rule shall, no later than _____, have implemented the plan required under this rule. (b) The Agency shall allow an extension up to _____ to providers in compliance with subsection (c), below, and who can show delays caused by necessary construction, delivery of ordered equipment, zoning or other regulatory approval processes. Assisted living facilities shall notify the Agency that they will utilize the extension and keep the Agency apprised of progress on a quarterly basis to ensure there are no unnecessary delays. If an assisted living facility can show in its quarterly progress reports that unavoidable delays caused by necessary construction, delivery of ordered equipment, zoning or other regulatory approval processes will occur beyond the initial extension date, the assisted living facility may request a waiver pursuant to Section 120.542, F.S. (c) During the extension period, an assisted living facility must make arrangements pending full	A 200

(a) Each assisted living facility shall develop and implement written policies and procedures to ensure that the assisted living facility can effectively and immediately activate, operate and maintain the alternate power source and any fuel required for the operation of the alternate power source. The procedures shall ensure that residents do not experience complications from fluctuations in . . . air temperatures inside the facility. Procedures must address the care of residents occupying the facility during a declared state of emergency, specifically, a description of the methods to be used to mitigate the potential for heat related injury including: 1. The use of cooling devices and equipment; 2. The use of refrigeration and freezers to produce ice and appropriate temperatures for the maintenance of medicines requiring refrigeration; 3. Wellness checks by assisted living facility staff to monitor for signs of . . . and heat injury; and, 4. A provision for obtaining medical intervention from emergency services for residents whose life safety is in jeopardy. (b) Each assisted living facility shall maintain the written policies and procedures in a manner that makes them readily available at the licensee's physical address for review by a legally authorized entity. If the policies and procedures are maintained in an electronic format, assisted living facility staff must be readily available to access the policies and procedures and produce the requested information. For purposes of this section, "readily available" means the ability to immediately produce the policies and procedures,	A 200

If the notifications are maintained in an electronic format, facility staff must be readily available to access and produce the notifications. For purposes of this section, "readily available" means the ability to immediately produce the notifications, either in electronic or paper format, upon request. This Statute or Rule is not met as evidenced by: Based on observation, record review and interview, the facility failed to store 48 hours of emergency fuel on site. The facility also failed to notify each resident and the resident's legal representative of the existence of the emergency power equipment within 5 business days in writing. The facility failed to acquire and develop a process to test the generator. The facility did not have monoxide detectors installed. Findings included: Observation on at 3:05 PM showed there was no fuel for the generator and there was no monoxide detectors installed. Resident record review showed the facility did not notify residents and/or their legal representatives of the facility's emergency plan as required. Record review showed that there was no process in place to test the generator. Interviewed on at 3:04, the Administrator stated that a document was provided to the residents /families every time there was an update, but the residents and /or family members did not sign the document as received. The administrator stated that she would revise the	A 200

A 200	Continued From page 30 document. The Administrator acknowledged that there was no fuel onsite and that they only tested the portable generator once and that they did not document that the test was conducted. She stated that she did not know that they had to document that they are testing the generator and that they will do it with the fixed generator which will be fully installed on next week. The Administrator stated that the fire inspectors informed them that they cannot store gasoline on the premises, however no documentation of this was provided. Class II	A 200
