{A 181} SS=D	58A-5.026(2) FAC Emergency Plan Approval (2) EMERGENCY PLAN APPROVAL. The plan must be submitted for review and approval to the local emergency management agency. (a) If the local emergency management agency requires revisions to the emergency management plan, such revisions must be made and the plan resubmitted to the local office within 30 days of receiving notification that the plan must be revised. (b) A new facility as described in Rule 58A-5.023, F.A.C., and facilities whose ownership has been transferred, must submit an emergency management plan within 30 days after obtaining a license. (c) The facility must review its emergency management plan on an annual basis. Any substantive changes must be submitted to the local emergency agency for review and approval. 1. Changes in the name, address, telephone number, or position of staff listed in the plan are not considered substantive revisions for the purposes of this rule. 2. Changes in the identification of specific staff must be submitted to the local emergency management agency annually as a signed and dated addendum that is not subject to review and approval. (d) The local emergency management agency is the final administrative authority for emergency management plans prepared by assisted living facilities. (e) Any plan approved by the local emergency management agency is considered to have met all the criteria and conditions established in this rule. This Statute or Rule is not met as evidenced by: DEFICIENCY REMAINED UNCORRECTED	{A 181}

{A 181}	Continued From page 1 Based on interview the facility failed to review its comprehensive emergency management plan (CEMP) on an annual basis. Any substantive changes must be submitted to the local emergency management office for review and approval. Findings: In an interview on at 11 AM with the administrator/owner who stated the CEMP was approved. He directed the Agency representative to look in a large white binder that was son the desk. Review of the binder revealed a letter from the local Office of Emergency Management that indicated the Power Plan was approved There was no evidence to confirm the CEMP was ever approved. In an interview on at 1PM with the administrator/owner who stated he did not have the CEMP. The person who was helping him with the plan must have taken it, as he was unable to locate it. He was with CEMP and EPP. Class III	{A 181}			
{A 200} SS=D	58A-5.036 FAC Emergency Environmental Control (1) DETAILED EMERGENCY ENVIRONMENTAL CONTROL PLAN. Each assisted living facility shall prepare a detailed plan ("plan") to serve as a supplement to its Comprehensive Emergency Management Plan, to address emergency environmental control in the event of the loss of primary electrical power in that assisted living facility which includes the following information:	{A 200}

{A 200}	Continued From page 2 (a) The acquisition of a sufficient alternate power source such as a generator(s), maintained at the assisted living facility, to ensure that current licensees of assisted living facilities will be equipped to ensure air temperatures will be maintained at or below 81 degrees Fahrenheit for a minimum of ninety-six (96) hours in the event of the loss of primary electrical power. 1. The required temperature must be maintained in an area or areas, determined by the assisted living facility, of sufficient size to maintain residents safely at all times and that is appropriate for resident care needs and life safety requirements. For planning purposes, no less than twenty (20) net square . . . per resident must be provided. The assisted living facility may use eighty percent (80%) of its licensed bed capacity as the number of residents to be used in the to determine the required square footage. This may include areas that are less than the entire assisted living facility if the assisted living facility's comprehensive emergency management plan includes allowing a resident to congregate when he or she desires in portions of the building where temperatures will be maintained and includes procedures for monitoring residents for signs of heat related injury as required by this rule. This rule does not prohibit a facility from acting as a receiving provider for evacuees when the conditions stated in Section 408.821, F.S., and subsection 58A-5.026(5), F.A.C., are met. The plan shall include information regarding the area(s) within the assisted living facility where the required temperature will be maintained. 2. The alternate power source and fuel supply shall be located in an area(s) in accordance with local zoning and the Florida Building Code. 3. Each assisted living facility is unique in size;	{A 200}

{A 200}	Continued From page 3 the types of care provided; the physical and mental capabilities and needs of residents; the type, frequency, and amount of services and care offered; and staffing characteristics. Accordingly, this rule does not limit the types of systems or equipment that may be used to achieve temperatures at or below 81 degrees Fahrenheit for a minimum of ninety-six (96) hours in the event of the loss of primary electrical power. The plan shall include information regarding the systems and equipment that will be used by the assisted living facility and the fuel required to operate the systems and equipment. a. An assisted living facility in an evacuation zone pursuant to Chapter 252, F.S., must maintain an alternative power source and fuel as required by this subsection at all times when the assisted living facility is occupied but is permitted to utilize a mobile generator(s) to enable portability if evacuation is necessary. b. Assisted living facilities located on a single campus with other facilities under common ownership, may share fuel, alternative power resources, and resident space available on the campus if such resources are sufficient to support the requirements of each facility's residents, as specified in this rule. Details regarding how resources will be shared and any necessary movement of residents must be clearly described in the emergency power plan. c. A multistory facility, whose comprehensive emergency management plan is to move residents to a higher floor during a flood or surge event, must place its alternative power source and all necessary additional equipment so it can safely operate in a location protected from flooding or storm surge damage. (b) The acquisition of sufficient fuel, and safe maintenance of that fuel at the facility, to ensure	{A 200}

{A 008}	Continued From page 14 (a) A medical examination completed within 60 calendar days before the individual's admission to a facility pursuant to section 429.26(4), F.S. The examination must address the following: 1. The physical and mental status of the resident, including the identification of any health-related problems and functional limitations, 2. An evaluation of whether the individual will require supervision or assistance with the activities of daily living, 3. Any nursing or _____ services required by the individual, 4. Any special diet required by the individual, 5. A list of current medications prescribed, and whether the individual will require any assistance with the administration of medication, 6. Whether the individual has signs or symptoms of _____ or any other communicable _____, which are likely to be transmitted to other residents or staff, 7. A statement on the day of the examination that, in the opinion of the examining health care provider, the individual's needs can be met in an assisted living facility; and, 8. The date of the examination, and the name, signature, address, telephone number, and license number of the examining health care provider. The medical examination may be conducted by a health care provider licensed under chapter 458, 459 or 464, F.S. (b) A medical examination completed after the resident's admission to the facility within 30 calendar days of the admission date. The examination must be recorded on AHCA Form 1823, Resident Health Assessment for Assisted Living Facilities, _____, which is incorporated by reference and available online at: http://www.flrules.org/Gateway/reference.asp?No	{A 008}
