| A2040                                                           | <p>Continued From page 1</p> <p>after the resident's arrival. Orientation shall include assisting residents in identifying and using emergency exits. Documentation of the orientation shall be signed and dated by the resident or the resident's representative.</p> <p>g) Drills shall involve the actual evacuation of residents to an assembly point as specified in the emergency plan and shall provide residents with experience using various means of escape. If an establishment has an evacuation capability classification of impractical, those residents who cannot meaningfully assist in their own evacuation or who have special health problems shall not be required to participate in the drill; however, other requirements of the Life Safety Code will apply.</p> <p>These requirements are not met as evidenced by:</p> <p>Based on record review and interview, the Establishment failed to indicate the assistance required and provided to residents that need assistance during fire drills, maintain documentation that the Establishment is in compliance with the acceptable evacuation time of 13 minutes or less in accordance with the Life Safety Code, and that orientation to the Establishment's Emergency Plan was conducted within 10 days for one (R1) of five residents reviewed for orientation. This deficient practice has the probability of affecting all residents. This failure creates a substantial probability of severe harm to a resident or residents.</p> <p>Findings include:<br/>On 02/18/26 an onsite annual survey was conducted. The Establishment's fire drills were reviewed, and lacked documentation that the</p> | A2040                                                                                   |                                                                                                                          |                                                        |

| A3000                                                           | <p>Continued From page 4</p> <p>b) The establishment shall have on duty at all times at least one direct care staff person who has obtained cardiopulmonary resuscitation (CPR) training specific to adults, which includes a demonstration of the individual's ability to perform CPR, and who has current certification in CPR.</p> <p>This requirement was not met as evidenced by:</p> <p>Based on interview and record review, the establishment failed to ensure at least one direct care staff person who has obtained cardiopulmonary resuscitation (CPR) training specific to adults, which includes a demonstration of the individual's ability to perform CPR, was on duty at all times. This applies to all residents who reside in the establishment. This failure creates a substantial probability of severe harm to a resident or residents, in that staff who did not demonstrate the ability to perform CPR may not perform it adequately or correctly in an emergency. This failure creates a substantial probability of severe harm to a resident or residents.</p> <p>The findings include:</p> <p>During the annual licensure survey, the establishment nurse and caregiver schedules were reviewed from December 1, 2025, to February 19, 2026, and compared with CPR certified staff. The review showed there was no direct care staff on duty with (CPR) training specific to adults, which included a demonstration of the individual's ability to perform CPR, or who had current certification in CPR. There are three shifts per day, For the month of December 2025's second shift there were a total of 22 days and for</p> | A3000                                                                                   |                                                                                                                          |                                                        |
