The facility failed to immediately inform the resident's physician involving a significant change in the resident's physical status.

1. The resident was not adversely affected by this deficiency and no harm was noted from it.
2. All residents who have a change in condition have the potential to be affected by this practice.
3. The facility has since reviewed with all Charge Nurses and appropriate staff the procedure process of notifying the resident's physician and POA/guardian regarding any incidents that compromises our resident's safety and well-being. Education started on 12/13/24 and will be ongoing.
4. The DON/Nurse Manager will monitor this through our quarterly QA Meetings.
5. Correction date of 01/10/25.
