June 16, 2025

Plan of corrections for State facility survey, June 5, 2025

F689:

- No other residents were affected
- RN to complete elopement risk assessment:
 - o Upon admission
 - o 30 days from admission
 - o Quarterly
- Immediately following the interview with a surveyor, the D Wing door was promptly locked with a sign affixed directing visitors to the main entrance
- Maintenance Director contacted ESL Distributors to obtain four Door guardian Evolution External Antenna to update D Wing, B Wing employee dining room and the timeclock exit doors.
- Installation of new equipment occurred on June 16, 2025.
- Staff will be reeducated on door alarm response to prevent elopements
- Maintenance will conduct a twice daily, M-F (Licensed Staff on weekends) of the wander management system at all doors and document time, date, location, and person performing the test. Proof of standard testing will continue for the next 45 days or until equipment is replaced and functioning normally
- D Wing door will remain locked because of infrequent use
- All corrections will be completed no later than July 20, 2025
