M 000	Initial Comments Level IV The State Agency (SA) conducted a Complaint Investigation (CI), MS #23713 and a Facility Reported Incident (FRI) #23859, at the facility, from 1/2/24 through 1/5/24. During the survey, the SA determined the facility was in compliance with the Minimum Standards for Institutions for the Aged or Infirm, state licensure requirements. The SA investigated the complaint for sexual abuse and cited M500. The facility's failure to provide adequate supervision and monitoring allowed Resident #2 to be in his room with his pants unzipped and penis exposed with Resident #1, who was a cognitively impaired and vulnerable person, in his bed with her clothing pulled down exposing her genital area. This placed Resident #1 and other vulnerable residents in a situation likely to cause serious injury, harm, impairment, or death. The SA identified an Immediate Jeopardy (IJ) and Substandard Quality of Care (SQC) that began on 12/21/23 when Resident #2 exhibited inappropriate sexual behaviors and the facility did not provide supervision or monitoring to protect cognitively impaired and vulnerable residents. The IJ and SQC existed at: 45.17.2- Resident Rights- M500 - Scope/Severity -Level 4 The facility Administrator was notified of the IJ and SQC on 1/3/24 at 5:10 PM.
