The nurse checked on her, then the CNAs entered her room, and one CNA told her something not nice and "spoke ugly."</p> <p>On 4/30/24 at 1:00 PM, during an interview with the Director of Nurses (DON), she confirmed Resident #5 is alert/oriented and if she reported that a staff member was disrespectful to another resident, then she would have to say "it did happen". Resident #5 was clear on what she heard on 3/22/24, and her statement had not changed. The DON confirmed "staff should not talk to residents in a disrespectful way."</p> <p>On 5/1/24 at 11:10 AM, during an interview with the Administrator, she confirmed that during her investigation, both Resident #2 and Resident #5 reported that a staff member used inappropriate language when addressing Resident #2. The Administrator acknowledged that her investigation revealed the CNA that the residents described, was CNA #1. The Administrator acknowledged that the language used by CNA #1 was disrespectful but was not threatening. As this was the second time that CNA #1 had been accused of being discourteous to residents, she was terminated from her employment at the facility. The Administrator stated that after the recent incident, the facility had an emergency Quality Assurance Performance Improvement (QAPI) meeting to discuss the event and what measures needed to be implemented. As a result, in-services were conducted regarding resident rights and abuse/neglect.</p> | M 500                                                                                         |                                                                                                                          |                                                                    |
