M 500	Continued From page 12 On 04-30-2021 at 3:15 PM, during an interview with the Executive Director, she stated Shahbaz #3 was the one that reported the incident to her. She had no idea why Shahbaz #3 had waited eight (8) days to report it to her. She stated she had interviewed Housekeeper #1 but must not have written it down and put it in the folder. She stated the housekeeper didn't deny screaming at the Elder, but did deny that she cussed her out. When asked by the SA if there were other residents or staff interviewed to see if there was a pattern with the Housekeeper, and she stated, "Oh I know that we did, we just must not have written them all down. If there was something that was pertinent we would have made sure to put it in the folder with the investigation. On 05-03-2021 at 2:00 PM, during an interview with Resident #9, she stated she remembered that day and the housekeeper yelling at her, but she had not put in her hearing aides that day and didn't know what all she said. She knew that she had something in her hands but didn't remember what it was. She said she talked with the Executive Director because she had been told the housekeeper had been fired and she was afraid it was her fault. She said the Executive Director reassured her, she was not the reason she had to be let go. When asked by the SA if she was fearful or worried about staff being rough with her or using profanity around her she stated, "no, I'm not afraid to be here, the staff are good to me, and I'm sorry that young lady got fired."
