F 000	INITIAL COMMENTS A COVID-19 Focused Survey for Nursing Homes was initiated by the State Agency (SA) on 07/27/2020 through 07/28/2020 and was extended on 08/12/2020 through 08/14/2020. During the survey, the facility was found to be not in compliance with the requirements of participation in Medicare and Medicaid. The facility was not following guidance for Infection Control Safety practices recommended by the Centers for Medicare and Medicaid Services (CMS) and the Center for Disease Control (CDC) and prevention during the COVID-19 Pandemic. The SA identified an Immediate Jeopardy (IJ) on 08/12/2020 and determined the IJ existed on 07/27/2020, when the facility had eight (8) deaths related to COVID-19 and seventy-four (74) positive residents for COVID-19. The facility had a total of eighteen (18) deaths related to COVID-19 and a total of ninety-one (91) residents positive for COVID-19 on 08/12/2020. Prior to the residents' deaths, none of the residents had been hospitalized or left the facility prior to their diagnosis of COVID-19. The facility staff was observed on 07/27/2020 and 07/28/2020 not following Infection Control guidelines as evidenced by the facility's failure to change Personal Protective Equipment (PPE) between COVID-19 positive rooms, to rooms with Pending Results and Negative residents for COVID-19, and co-horting COVID-19 positive residents with Pending Results/Negative residents for COVID-19. The facility's failure to follow COVID-19 Infection Control guidelines for proper use of Personal Protective Equipment (PPE) and co-horting had			F 000

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

F 000	Continued From page 1 caused or was likely to cause serious injury, harm, impairment or death to residents who tested positive for the COVID-19 virus while residing solely in the facility. This affected 74 out of 91 residents who tested positive for COVID-19 on 07/27/2020, with eight (8) COVID-19 deaths as of 07/27/2020. On the extended survey, as of 08/12/2020, the facility's census was 81. There was a total of 91 residents who tested positive for COVID-19 and eighteen (18) deaths related to COVID-19 from 07/10/2020 through 08/12/2020. The facility Administrator was notified by the State Agency of the Immediate Jeopardy (IJ) on 08/12/2020 at 4:55 PM, and the IJ template was provided to the Administrator. The IJ existed at: 42 CFR(s) 483.80(a)(1)(2)(4)(f) - Infection Prevention and Control (F880) The facility submitted an acceptable Removal Plan on 8/13/2020 in which the facility alleged all corrective actions were completed and the IJ removed on 8/14/2020. The State Agency (SA) validated the facility's Removable Plan and the IJ was determined to be removed on 8/14/2020 prior to exit. Therefore, the scope and severity for 42 CFR(s): 483.80(a)(1)(2)(4)(a)(f) - Infection Prevention and Control (F880) was lowered from a "L" level to a scope and severity of a "F", while the facility develops and implements a plan of correction and monitors the effectiveness of the systematic changes to ensure the facility sustains compliance with the regulatory requirements. F 880	Continued From page 5 The State Agency (SA) validated the facility's Removal Plan and the IJ was determined to be removed on 8/14/2020 prior to exit. Therefore, the scope and severity for 42 CFR(s): 483.80(a)(1)(2)(4)(a)(f)-Infection Prevention and Control (F880), was lowered from a "L" to a scope and severity of a "F" while the facility develops and implements a plan of correction and monitors the effectiveness of the systematic changes to ensure the facility sustains compliance with the regulatory requirements. Findings include: A review of the facility's, "Infection Prevention and Control Program" policy, dated 06/2014, revealed, the facility had developed and maintained an infection prevention and control program that provided a safe, sanitary and comfortable environment to help prevent the development and transmission of infection. Review of the facility's, "Emergency Preparedness-Emerging Infectious Disease or Infectious Disease" policy, with a revision date of 09/2019, revealed, the facility would implement appropriate infection control policies and procedures in order to protect the health and safety of residents and staff. A review of the facility's, "Interim Policy for Suspected or Confirmed Coronavirus (COVID-19)" policy, with a revision date of 08/2020, revealed: "It is the policy of the facility to minimize exposures to respiratory pathogens and promptly identify residents with Clinical Features and an Epidemiologic Risk for the COVID-19 and to adhere to Transmission-Based Precautions,	F 880	07/20 with emphasis on setting up zone for patient placement. In-service initiated on July 28, 2020 to include all staff consisting of nine of nine Registered Nurses, twenty-one of twenty-one Licensed Practical Nurses, thirty-six of thirty-six Certified Nursing Assistants, eleven of eleven Dietary staff, six of six Housekeeping staff, six of six Laundry staff, four of four Therapy staff and one of one Maintenance staff. No staff will be allowed to work until participation of the in-services for Infection Control latest revision 07/15 and Interim Policy for suspected or Confirmed Coronavirus (COVID-19) latest revision 07/20. Facility Administrator #1 was in-serviced by Regional Director #1 on July 28, 2020 on Interim Policy for suspected or Confirmed Coronavirus (COVID-19) latest revision 07/20 with emphasis on Set-up Zone for Patient Placement (page 2 of 10 and page 3 of 10.) Quality Assurance Committee Meeting was held on Wednesday, August 12, 2020 at 5:57 pm, with the committee consisting of facility Medical Director, Nursing Facility Administrator, Director of Nursing, Licensed Practical Assessment Nurse, Medical Records and Assistant Director of Nursing. Topics discussed: Infection Control Co-horting, Use of Personal Protective Equipment per Center for Disease Control guidelines and Infection Control. Policies and Procedures including Interim Policy for Suspected or Confirmed Coronavirus (COVID-19) and Infection Control Program were reviewed with no recommended changes.

F 880	Continued From page 10 assisted the resident and leaned over to fix the covers on the bed. LPN #2 took her gloves off and sanitized her hands at the medication cart. Upon hearing a beeping noise in the hallway, she went into the room occupied by Resident #3 and #4 room, then into the room occupied by Resident #5 and #6, then into Residents #1 and #2's room, and finally into Residents #7 and #8's room, where she discovered a feeding pump beeping. She stopped the pump from beeping, washed her hands and returned to the cart. LPN #2 did not change gowns between any of the rooms she entered and exited. On 07/28/2020 at 10:15 AM, in an interview with LPN #1 Infection Control Nurse, she revealed, that she tries to in-service all newly hired staff prior to them working the floor. She stated they also must watch an 8-hour video in-service on policy and rules. On 7/28/20 at 10:57 AM, in an interview LPN #2, she revealed, that she didn't know who was positive, negative or pending. LPN #2 stated she was not told to change gowns when entering positive, negative and pending rooms. She stated she was told if she left the unit, take off PPE and put clean PPE on when returning. LPN #2 revealed, today was literally her first day back working at the facility. She stated she used to work there before and have not had any in-service prior to starting today. LPN #2 stated they told her to treat everybody as if they were positive. During an interview, on 07/28/2020 at 11:22 AM, RN #3 stated, the last in-service on Infection Control was done last week. She stated they have in-services weekly.	F 880

F 880	Continued From page 11 On 08/14/2020 at 9:51 AM, during a phone interview with the Medical Director (MD), he revealed that he attended all Quality Assurance (QA) meetings. The MD revealed he had no concerns related to residents and COVID-19. The MD stated he was diagnosed with COVID-19 during the first week of July. He stated he did not remember any Infection Control issues. The MD stated he communicated with the facility by phone in most of July, when he tested COVID-19 positive. During an interview, on 8/14/2020 at 11:30 AM, the DON revealed, she did not have all death certificates at this time. She stated the eighteen resident deaths had been due to COVID-19. A review of the COVID-19 death report from the facility revealed they had eighteen (18) related to COVID-19. A review of the COVID-19 lab results for Residents #9, Residents #12, and Resident # 28 revealed they tested positive for COVID-19, while not leaving the facility and residing at the facility. A review of the death certificates for Residents #9, Resident #12, Resident #13, Resident #14, Resident #15 and Resident #16 revealed their deaths were caused by COVID-19. Resident #18, Resident #21 and Resident #26's death certificates revealed the cause of death was COVID-19. A review of the Quality Assurance (QA) meeting, dated 01/30/2020, revealed, Infection Control was discussed. A review of the QA meeting, dated 04/16/2020, revealed, COVID-19 was discussed.	F 880
