The SW revealed that there was an investigation into the matter and that the former Administrator had talked to LPN #1 regarding her tone. The investigation concluded and the family agreed to let her stay until they could get Resident #1 to a facility that had a dementia care unit, but that they did not want LPN #1 caring for his mother while she was there. An interview with the Administrator on 9/28/21 at 3:00PM revealed to the SA that he was familiar with LPN #1 and stated, "Oh, no she's a good nurse. I don't know of any problems or concerns with her." An interview on 09/29/21 at 1:15PM RP of Resident #1 stated that his mother was doing well now and was in an alzheimers unit and he was very pleased with her care there. He stated that he had come to visit his mother on 01/09/21 and had brought his mother's small dog with him. He stated that his mother had saw him approaching the door and had excitedly gotten up from her wheelchair and was attempting to greet him at the door and that LPN #1 looked visibly annoyed and frustrated and began scolding my mother in a demeaning manner and commanding her to sit down in the wheelchair. She had let us in the door by this time and I told her that was a trigger for my mother and you do not talk to my mother that way and the nurse (LPN #1) stormed away and told me that she was not going to listen to this.
