During the survey, the SA determined the facility was not in compliance with the Mississippi Regulations for Minimum Standards for Institutions for the Aged or Infirm, state licensure requirements. The SA did not substantiate MS #19421 for abuse or MS #18802 for pressure sores, mouth care, hydration, misappropriation, environment, dietary services and physician services. The SA did not substantiate MS #18741 for abuse, but cited M500, M615, and M735 for a pressure wound related to the investigation. The SA substantiated MS #18671 related to Activities of Daily Living (ADL) care and cited M610.            | M 000                                                                                        |                                                                                                                          |                                                                    |

She confirmed that she should have gotten a Physician Order on 2/18/22 for Resident #1 because he was admitted to the facility with a pressure ulcer to the sacrum. She confirmed that the eTAR did not have treatments documented for the sacrum wound until 3/7/22. She stated that although it is not documented on the eTAR, she treated the wound from 2/18/22 through 3/4/22 without a Physician Order until one was obtained on 3/4/22.<br><br>On 7/29/22 at 12:33 PM, the SA conducted an interview with the Administrator. She confirmed that there was not a Physician Order to treat Resident #1's pressure ulcer to the sacrum when he was admitted on 2/18/22. She stated that the nurse should not have treated a wound without a Physician Order. She stated that from what she gathered the nurse knew the wound was there but realized a little later that there was no Physician Order. | M 500                                                                                        |                                                                                                                          |                                                                    |

She stated the nurses should be verifying that the Certified Nurse Aides (CNA)s are completing resident baths as scheduled. The DON stated that if a resident refused a bath, it should be reported to the nurse. The DON stated having hair washed should be included in the resident's bath unless the resident or family requests otherwise. The CNAs should let the nurses know if the resident is combative, refuses care, or anything else and that information should be documented.</p> <p>A record review of the Nurses notes for Res #7 revealed no entries of Res #7 being combative or refusing care.</p> <p>On 7/29/22 at 12:33 PM, an interview with the Administrator revealed residents have their hair washed when they get their baths. She stated that all activities of daily living are documented in the computer.</p> <p>A record review of Resident #7 Face sheet revealed that the resident was admitted on 08/26/20 with diagnoses including Overactive Bladder and Major Depressive Disorder.</p> <p>A record review of the Minimum Data Set (MDS), with an Assessment Reference Date (ARD) of 05/31/22, revealed Res #7 had a Brief Interview of Mental Status (BIMS) score of 15 which indicated the resident had no cognitive dysfunction and a review of Section G revealed she required the one person to physically assist</p> | M 610                                                                                        |                                                                                                                          |                                                                    |
