During the investigations, the SA determined that the facility was in compliance with the requirements of participation in Medicare and Medicaid. The SA did not substantiate CI: MS #17820 because there is lack of evidence to prove the resident is physically or verbally abusive to other residents. The SA also did not substantiate CI: MS #18135 because there is lack of evidence to prove the facility failed to give the residents their medication. There were no deficiencies cited.</p> <p>The facility held a license for 120 with a census of 81.</p> | F 000                                                                      |                                                                                                                          |                            |                                                                        |

Any deficiency statement ending with an asterisk (\*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
