DHSR records indicate the home was first licensed on October 18, 2010 as a Family Care Home for five ambulatory Residents (able to evacuate and respond without any physical or verbal assistance during a fire or other emergency.) Based on this information we are requiring the home to maintain compliance with the following: the 2005 Rules 10A NCAC 13G for Family Care Homes and the 2002 North Carolina State Building Code - Section 421.2 - Residential Care Homes.<br><br>At the time of our visit, we cited deficiencies that require an acceptable plan of correction. They are as follows: | C 000                                                                                     |                                                                                                                          |                                                        |
| C 140                                                                    | Storage Areas-Separate, Locked<br><br>SECTION .0300 - THE BUILDING<br>10A NCAC 13G .0310 STORAGE AREAS<br>(b) There shall be separate locked areas for storing cleaning agents, bleaches, pesticides, and other substances which may be hazardous if ingested, inhaled or handled. Cleaning supplies shall be supervised while in use.<br><br>This Rule is not met as evidenced by:<br>1. Observations revealed cleaning supplies stored under the kitchen sink. The doors were not locked and had no visible means of locking the doors. Remove the cleaning supplies to a locked closet or cabinet or provide locking hardware to the kitchen cabinet storing the materials. Separate the cleaning supplies from                                                                                     | C 140                                                                                     |                                                                                                                          |                                                        |
