C 934

Requirements

G.S. 131D-4.5B Adult Care Home Infection Prevention Requirements

(a) By January 1, 2012, the Division of Health Service Regulation shall develop a mandatory, annual in-service training program for adult care home medication aides on infection control, safe practices for injections and any other procedures during which bleeding typically occurs, and glucose monitoring. Each medication aide who successfully completes the in-service training program shall receive partial credit, in an amount determined by the Department, toward the continuing education requirements for adult care home medication aides established by the Commission pursuant to G.S. 131D-4.5

This Rule is not met as evidenced by:
Based on interviews, and record reviews, the facility failed to assure 3 of 3 sampled medication aides (Staff A, B and C) completed the annual state mandated annual infection control course.

The findings are:

1. The infection prevention control training has already been provided. This was done and results mailed to NCHHS on August 7th 2018
2. The administrator will keep track and monitor required trainings and ensure staff have all required training
3. The monitoring of such training will be quarterly or bi-annually as necessary
