D 000	Initial Comments The Adult Care Licensure Section conducted an annual and follow-up survey and complaint investigation on June 21, 2022 to June 24, 2022 with an exit conference via telephone on June 24, 2022. The complaint investigation was initiated by the Halifax County Department of Social Services on June 3, 2022.	D 000		
D 067	10A NCAC 13F .0305(h)(4) Physical Environment 10A NCAC 13F .0305 Physical Environment (h) The requirements for outside entrances and exits are: (4) In homes with at least one resident who is determined by a physician or is otherwise known to be disoriented or a wanderer, each exit door accessible by residents shall be equipped with a sounding device that is activated when the door is opened. The sound shall be of sufficient volume that it can be heard by staff. If a central system of remote sounding devices is provided, the control panel for the system shall be located in the office of the administrator or in a location accessible only to staff authorized by the administrator to operate the control panel. This Rule is not met as evidenced by: Based on observations, interviews and record reviews, the facility failed to ensure 2 of 9 exit doors accessible to residents use were equipped with a sounding device that activated for the safety of 2 sampled residents (#6, #7) who were documented as disoriented (#6, #7) and with wandering behaviors (#7) The findings are:	D 067	The front door and back door have been equipped with a chime device which will sound as required every time door is opened. Chimes will remain active 24 hours per day. The regular alarm will continue to be activated from the hours of 9pm until 7am. The DO, RCC and shift supervisors will be responsible to assure the chime is activated at all times alarms are off. This will be monitored on a daily and ongoing basis by DO, RCC and shift supervisors. Also for tag 980	7/20/22

	Interview with a personal care aide (PCA) 06/22/22 at 10:20am revealed -PCAs would ensure residents were all present at least once per shift but they did not document it. -The front entrance door and smoking door remained unlocked without an alarm during the day -She thought third shift staff members would lock and alarm both doors, but she was unsure what time -There were a couple of residents with wandering behaviors but they had never shown exit seeking behaviors or eloped. Interview with the Director of Operations (DO) on 06/22/22 at 10:30am revealed. -There were several residents who were disoriented and had wandering behaviors in the facility, but they did not have exit seeking behaviors and had never eloped -Staff were responsible to perform supervision/safety checks every 2 hours and should ensure all residents were present at that time. -There was no documentation of supervision/safety checks, but it was a known process for all staff -The main entrance door and the smoking door were frequently used throughout the day and remained unlocked without a sounding alarm during daytime hours so that staff, visitors, and residents could freely enter and exit through them -They were able to alarm the doors during the day but did not realize they needed to. -The staff on third shift were responsible to lock and turn on the sounding alarm for both doors at 9:00pm per the facility policy

D 067	Continued From page 4 Interview with the Administrator on 06/23/22 at 2:00pm revealed: -He was not aware of the rule to have doors with sounding alarms at all times if there were residents who had disorientation or wandering behaviors. -He and the DO should have been aware of the rule and ensured the facility was in compliance to have doors with sounding alarms as expected. -The facility had never had a resident wander outside of the building but sounding alarms were an extra measure of safety for disoriented and wandering residents. Interview with the facility's contracted primary care provider (PCP) on 06/23/22 at 10:46am revealed: -He expected the facility to maintain compliance in having sounding alarms on doors at all times for resident safety. -He expected facility staff to monitor who was coming in and out of the facility to ensure residents did not wander off. -Confused and disoriented residents who had wandering behaviors could wander into highways and roads, get hit by a vehicle, get lost, fall and become injured, and miss care that they required for their basic and health care needs.	D 067			
D 137	10A NCAC 13F-0407(a)(5) Other Staff Qualifications 10A NCAC 13F-0407 Other Staff Qualifications (a) Each staff person at an adult care home shall (5) have no substantiated findings listed on the North Carolina Health Care Personnel Registry according to G.S. 131F-256.	D 137	A complete audit of all employee files has been completed using a Perpetual Staff Log. All employees have Registry Verifications in their file. The DO & RCC will be responsible for assuring a Registry Verification is completed on all new employees as required by rule. An audit of all employee charts will be conducted every 6 months by DO. This will be monitored by DO upon hire of all new employees and every 6 months. All new hire information will be reviewed by RD and/or administrator for compliance before new hire is allowed to work. D 275	Continued From page 26 Rule. This Rule is not met as evidenced by: Based on observations, interviews, and record reviews, the facility failed to ensure orders were implemented for 2 of 5 sampled residents (#1 #5) including errors in the use of compression hose (#1) and a continuous positive pressure airway (CPAP) treatment (#5). The findings are: 1. Review of Resident #1's current FL-2 dated 12/21/21 revealed: -Diagnoses included insulin dependent diabetes mellitus, hypertension, chronic obstruction pulmonary disease, peripheral neuropathy, anxiety, history of seizures -The resident was semi-ambulatory and required 2 liters of oxygen (2L O2) at all times. Review of Resident #1's current care plan dated 12/21/21 revealed the resident required limited assistance with dressing. Review of Resident #1's physician orders dated 01/21/22 revealed: There was an order for compression hose to wear as directed. (Compression hose are used to improve blood flow and prevent blood clots.) There was no order for the resident to self-administer the use of the compression hose. Review of Resident #1's current Licensed Health Professional Support (LHPS) review dated 04/19/22 revealed: -The resident was to wear compression hose to her bilateral lower extremities daily. -The compression hose were to be applied in the	D 276

if she was wearing them
-She was not sure if the MAs documented her
use of the compression hose in her record

Interview with the Director of Operations (DO) on
06/23/22 at 10:31am revealed

-Resident #1 was competent enough to put on
and take off her compression hose
independently
-She expected the MAs to verify the resident was
wearing her compression hose daily prior to
documentation of administration
-She expected the MAs to encourage the use of
Resident #1's compression hose and to
document the resident's use of the compression
hose accurately

Interview with Resident #1's primary care provider
(PCP) on 06/23/22 at 10:46am revealed

-He expected Resident #1 to wear her
compression hose as ordered
-He did not provide Resident #1 with a
self administer order because he expected the
facility to ensure the compression hose were
worn daily as ordered.
-The compression hose were ordered for the
resident due to her peripheral edema.
-He expected the MAs to document the resident's
refusals of the compression hose accurately

D 367 Continued From page 82

record (MAR) shall be accurate and include the following:

- (1) resident's name;
- (2) name of the medication or treatment order;
- (3) strength and dosage or quantity of medication administered;
- (4) instructions for administering the medication or treatment;
- (5) reason or justification for the administration of medications or treatments as needed (PRN) and documenting the resulting effect on the resident;
- (6) date and time of administration;
- (7) documentation of any omission of medications or treatments and the reason for the omission, including refusals; and
- (8) name or initials of the person administering the medication or treatment. If initials are used, a signature equivalent to those initials is to be documented and maintained with the medication administration record (MAR).

This Rule is not met as evidenced by:

Based on observations, interviews, and record reviews, the facility failed to ensure the electronic medication administration records (eMAR) were accurate for 2 of 5 sampled residents (#1, #5) including orders for compression hose (#1), and orders for a blood thinner, a nasal spray, acid reflux medications, and a CPAP treatment (#5).

The findings are:

- Review of the facility's medication policy revealed:
- Medications and treatments will be administered in accordance with the prescribing practitioner's orders.
- Staff will document administration of medications on the eMAR after observing the resident take the medication.
- The eMAR will be updated and changed when:

D 367

A complete medication audit was done by Pharmacy Consultant to assure all medication orders are current and correct on MAR and the MAR correctly reflected:

- (1) resident's name;
- (2) name of the medication or treatment order;
- (3) strength and dosage or quantity of medication administered;
- (4) instructions for administering the medication or treatment;
- (5) reason or justification for the administration of medications or treatments as needed (PRN); and documenting the resulting effect on the resident;
- (6) date and time of administration;
- (7) documentation of any omission of medications or treatments and the reason for the omission, including refusals; and,
- (8) name or initials of the person administering the medication or treatment. If initials are used, a signature equivalent to those initials is to be documented and maintained with the medication administration record (MAR).

RCC will monitor on a daily basis to assure that the Mar correctly reflects all required information. R1 and administrator will spot check during their visits.

D 438	Continued From page 108 04/04/22 Review of Resident #6's record revealed. -There was a form signed by Resident #6's primary care provider (PCP) on 05/26/22 which stated that the resident had dementia and was unable to recall specific important events and was confused with dates and occurrences at her office visit on 05/02/22. -Resident #6 was not capable of managing or directing the management of benefits in her own best interest and that the resident was not expected to be able to manage her funds in the future. Telephone interview with Resident #6's family member on 06/22/22 at 1:17pm revealed: -The bank sent a letter stating Resident #6's account had been closed. -Resident #6 had around \$160,000 in her bank account when it was closed. -He was not sure how Resident #6's money was removed from her bank account because she was not capable of making decisions on her own and he did not approve to have the money removed from her account. Interview with Staff E on 06/22/22 at 3:16pm revealed: -After Resident #6 was admitted to the facility she and Staff E took Resident #6 to the bank and closed her bank account. -The bank representative gave them a cashier's check for \$98,900 to cover 2 years' worth of room and board for Resident #6. -The money that was left over after receiving the cashier's check was placed into Resident #6's facility account. Telephone interview with Resident #6's primary		D 438

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (A SUMMARY OF EACH DEFICIENCY MUST BE PRECEDED BY FULL IDENTIFYING INFORMATION)	ID PREFIX TAG	PROVIDER'S PLAN OF CORRECTION (EACH CORRECTIVE ACTION SHOULD BE CROSS REFERENCED TO THE APPROPRIATE DEFICIENCY)	
D 438	Continued From page 109 care provider (PCI?) on 06/23/22 at 10:46am revealed Resident #6 had a history of dementia and cognitive issues. He signed paperwork in May 2022 stating that Resident #6 was incapable of handling her own finances. Any financial decisions that were being made for Resident #6 should be made by a Health Care POA and not by the facility because the facility stood to benefit from making financial decisions for Resident #6. Telephone interview with a second family member of Resident #6 on 06/23/22 at 11:26am revealed Resident #6 was incompetent to make her own financial decisions. She was contacted by the facility and knew they had closed Resident #6's bank account and she thought they put Resident #6's money into a trust until guardianship could be established for the resident. She knew that Resident #6's room and board at the facility was \$4300.00 per month but she did not know that the facility had taken money out of the resident's account to pre-pay for 23 months of room and board. She expected to be informed by the facility that they had Resident #6 pre-pay that far in advance. If she had been made aware by the facility that they wanted Resident #6 to pre-pay for 23 months of room and board she would not have consented to it. Telephone interview with Staff D on 06/24/22 at 9:24am revealed On 6/22/22 she, Staff E, and Resident #6 went to the resident's bank and withdrew all the resident's money from her account. The bank issued a cashier's check for	D 438

D 438	Continued From page 110 \$98,900.00 for Resident #6's room and board for 23 months. The \$98,900.00 was placed into the facility's operational account. The remainder of Resident #6's money was placed into Resident #6's facility account. Telephone interview with the Administrator on 06/24/22 at 10:39am revealed: Once the \$98,900.00 of Resident #6's money was deposited into the facility's operational account that left a balance of \$64,556.62 that was to be deposited into Resident #6's facility account. There was currently no record of the \$64,556.62 being deposited into Resident #6's facility account. The Regional Director, staff D, and Staff E had access to resident's facility accounts. None of Resident #6's money should have been placed in the facility's operational account because the facility operational account should not be commingled with resident funds. All of Resident #6's money should have been deposited into Resident #6's facility account and monthly withdrawals should have been made for room and board. The Regional Director was going to submit a Health Care Personnel Registry (HCPR) report regarding the misappropriation of Resident #6's funds. Internet interview with a HCPR representative on 06/24/22 at 1:58pm revealed there was no record of any HCPR reports being filed against anyone at the facility for misappropriation of funds. Surrogate telephone interview with Staff D on 06/24/22 at 2:36pm revealed the allegation of the	D 438

D 438	Continued From page 111 misappropriation of Resident #6's funds had been reported to the HCPR by the Regional Director on 06/24/22. Telephone interview with the Regional Director on 06/24/22 at 2:40pm revealed a report about the allegations of misappropriation of Resident #6's funds was made to the HCPR on 06/24/22 at 1:59pm. Review of a fax transmission report provided by the facility revealed a 24-hour initial report was faxed to HCPR registry regarding Staff D's misappropriation of Resident #6's finances on 06/24/22 at 1:59pm. Second telephone interview with the Regional Director on 06/24/22 at 3:45pm revealed she had not faxed a 24-hour initial report to HCPR for Staff D's allegations of misappropriation of Resident #6's funds but she would do so. Based on observations, interviews, and record review, it was determined Resident #6 was not interviewable. Refer to Tag ID 338 10A NCAC 13F 0909 Resident Rights Facility failed to report allegations of physical assault by a staff (Staff A) and misappropriation of personal funds (Staff D and Staff E) involving 2 of 2 nursing residents (#3, #6) within 24 hours. Staff A was alleged to have hit Resident #3 in the head and face. After Resident #3 hit her in the stomach and Staff D and Staff E deposited \$98,900 of a resident's personal funds into the facility's operating account and were not able to account for \$4,465.62 of the resident's money which was deposited into the resident's facility account.
