D 269	Continued From page 1 dressing, grooming, and toileting. a. Observation of Resident #7's fingernails on 10/15/24 at 9:06am revealed: -The resident's fingernails on both hands extended the end of the fingers by one-fourth of an inch. -The fingernails had a build-up of a dark substance under the fingernails. Interview with Resident #7 on 10/15/24 at 9:06am revealed: -His fingernails "were long" and he did not like his fingernails long. -He did not know who would cut his fingernails or who to tell he wanted his fingernails cut. Interview with a personal care aide (PCA) on 10/16/24 at 3:35pm revealed: -The PCAs were allowed to cut the residents' fingernails of most residents. -If the resident was combative, she would not cut their fingernails. Interview with the Special Care Coordinator (SCC) on 10/16/24 at 2:15pm and 3:45pm revealed: -The PCAs and the MAs could cut the residents' fingernails when needed. -There was no schedule for residents' fingernails to be cut. -The Podiatrist would visit every couple of months to cut toenails and fingernails. -She thought the Podiatrist was at the facility last month, September 2024, or the Podiatrist may come this month, October 2024. -She was not sure when the Podiatrist was in the facility last and when he would be returning. -Resident #7 could be quite combative when the PCAs were trying to cut his fingernails. NAME OF PROVIDER OR SUPPLIER SEASONS AT SOUTH POINT		STREET ADDRESS, CITY, STATE, ZIP CODE 1002 EAST HIGHWAY 54 DURHAM, NC 27713		
(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (EACH DEFICIENCY MUST BE PRECEDED BY FULL REGULATORY OR LSC IDENTIFYING INFORMATION)	ID PREFIX TAG	PROVIDER'S PLAN OF CORRECTION (EACH CORRECTIVE ACTION SHOULD BE CROSS-REFERENCED TO THE APPROPRIATE DEFICIENCY)	(X5) COMPLETE DATE
D 273	Continued From page 14 11:20am revealed: -Resident #1 usually ate meals in her room. -Resident #1 usually ate "good" when she worked, it was all in the approach. -If Resident #1 did not eat, she would give her a nutritional supplement provided by the resident's family member. Interview with a second PCA on 10/16/24 at 11:42am and 1:50pm revealed Resident #1 did not eat breakfast today, 10/16/24, but she did drink a nutritional supplement and ate a snack. Interview with the Activity Director on 10/16/24 at 1:40pm and 2:12pm revealed: -The resident was not eating as well; he had seen more untouched food in the resident's room. -He had seen Resident #1 in the dining room but still had not eaten. -He and a [named] PCA made sure Resident #1 ate something when they were working. -Resident #1 had more days that she did not eat at all than days she ate good. -He told a [named] staff member in September 2024 about Resident #1's decline. -He also told a second [named] staff member, but neither staff member currently worked at the facility. Telephone interview with a representative from the primary care provider's (PCP) office on 10/16/24 at 2:24pm revealed there was no documentation from the facility on 10/15/24 or 10/16/24 about Resident #1's weight loss. Interview with a medication aide (MA) on 10/16/24 at 2:34pm revealed: -Resident #1 was out of bed yesterday, 10/15/24 but wanted to go back to bed after breakfast. -When he fed Resident #1, the resident ate good. D 273	Continued From page 15 -Resident #1 was a "picky" eater. -He would tell Resident #1 what the menu was for a meal, and she would state she did not want that and would ask for something else. -Resident #1 usually wanted something sweet to eat. -He did not know if the resident had weight loss or not because the resident was usually in bed covered up when he saw her. Telephone interview with the facility's Interim Wellness Director (WD) on 10/16/24 at 4:37pm revealed: -If she was told Resident #2 had a change in her eating habits, she would have scheduled the resident to be seen by the PCP, obtained an order for a nutritional supplement and/or had a staff person one-on-one with the resident at meals to ensure the resident had adequate nutrition. -She was not aware Resident #1 had a weight loss. -A decreased appetite could have contributed to the weight loss. Interview with the Regional Director of Wellness (RDW) on 10/16/24 at 3:10pm revealed: -Resident #1 had never been a good "eater." -Resident #1 could sometimes be restless and staff brought the resident out of the room to watch her. -She tried to call Resident #1's PCP on 10/15/24 to notify the PCP of the resident's weight loss. -She also sent a text message to the PCP and asked for a return call. -The PCP did not return her call. Telephone interview with Resident #1's PCP on 10/16/24 at 3:28pm revealed: -She saw Resident #1 for the first time on	D 273

D 273	Continued From page 17 on the dining room floor on her knees, with her arms in her wheelchair. -On 09/29/24 at 3:00pm, Resident #1 was found sitting on the floor with her back against the door. Review of Resident #1's primary care provider's (PCP) after-visit summary dated 09/26/24 revealed: -Resident #1 was seen for follow-up to a fall on 09/22/24. -Physical therapy (PT) and occupational therapy (OT) were ordered. Review of Resident #1's PCP's physician notification form dated 09/29/24 revealed: -The reason for the notification was multiple falls. -The PCP signed the notification form on 10/01/24 and documented to continue working with PT/OT weekly. Interview with Resident #1 on 10/16/24 at 8:30am revealed: -She had two falls. -She did not know why she fell, "I just fell out." -She could get in and out of bed by herself. -She did not need help with anything; "I do about everything myself." -She was legally blind. Telephone interview with a personal care aide (PCA) on 10/16/24 at 11:20am revealed: -Resident #1 was blind, and if she had to go to the bathroom she would get up on her own, even though she was not safe. -If Resident #1 was having a good day she used her walker; meaning her balance was good. -If Resident #1's balance seemed off, the resident used a wheelchair. -She had observed Resident #1 walking without her walker and/or wheelchair in her room. D 273	Continued From page 18 -The most recent incident was on Saturday, 10/12/24, when she went into Resident #1's room, the resident was out of bed, near her closet door, and did not have her walker. -She used to place Resident #1's walker and/or wheelchair by the resident's bed so the resident could reach it. -Resident #1 had two falls that she was aware of and both falls were in the resident's room. Interview with a second PCA on 10/16/24 at 11:42am and 1:50pm revealed she was told Resident #1 was a fall risk. Interview with the Special Care Unit (SCU) Coordinator on 10/16/24 at 10:44am revealed: -Resident #1 tried to get out of her wheelchair, yesterday, 10/15/24 and had to be redirected. -When Resident #1 fell, she had talked about something falling on her head and getting up and moving out of the way. -If Resident #1 wanted to get out of bed, the staff tried to keep her up so they could watch her to prevent falls. -Staff checked on Resident #1 every two hours. Second interview with the SCU Coordinator on 10/16/24 at 1:55pm revealed: -Staff were supposed to make sure there was a clear path in Resident #1's room. -Resident #1's walker/wheelchair should be kept on the other side of the room. -On a good day, Resident #1 used a walker, and the wheelchair was used when the resident did not want to walk. Interview with the Manager of the facility's in-house therapy program on 10/16/24 at 11:04am revealed: -Therapy had not started for Resident #1 because	D 273

D 273	Continued From page 20 Telephone interview with the facility's Interim Wellness Director (WD) on 10/16/24 at 4:37pm revealed she knew it took time to get a resident approved for therapy services because of insurance authorization; it usually took 1-2 weeks. Interview with the Regional Director of Wellness (RWD) on 10/16/24 at 3:10pm revealed: -She knew Resident #1 had a fall and the resident started being seen by the facility's contracted PCP. -The facility's contracted PCP ordered PT for the resident. -She thought PT was being provided to Resident #1 through a [named] home health agency. Telephone interview with a representative from the [named] home health agency on 10/16/24 at 4:26pm revealed: -Resident #1 received therapy services from 07/24/24-08/14/24. -The agency had not received a referral for therapy for Resident #1 dated 09/26/24. Telephone interview with Resident #1's PCP on 10/16/24 at 3:28pm revealed: -She saw Resident #1 for the first time on 07/18/24. -She ordered PT for Resident #1 on 09/26/24 because of repeated falls. -She did not know if PT had started on Resident #1. -She liked PT to evaluate a resident within one week. -If she had known PT had not evaluated Resident #1 as of today, 10/16/24, she would have looked at using a different agency. c. Review of Resident #1's mental health provider (MHP) after-visit summary dated 09/25/24	D 273

D 273	Continued From page 21 revealed: -Resident #1 presented with a flat affect and depressed mood. -Sertraline was initiated for mood support. Review of Resident #1's care note on 10/01/24 at 3:38pm, on 09/29/24, Resident #1 was found on the dining room floor on her knees, with her arms in her wheelchair. She stated an object was flying over her and she did not want it to hit her head, so she got on the ground. Review of Resident #1's MHP's after-visit summary dated 10/09/24 revealed: -Resident #1 was sitting up in bed eating breakfast. -Her demeanor and mood were significantly improved compared to the previous visit. -The resident denied any hallucinations or hearing voices, which was a good sign. Observation of Resident #1 on 10/15/24 at 8:44am revealed: -Resident #1 was in the dining room during the breakfast meal. -She was asleep in her wheelchair and one of the staff woke her up. -Resident #1 said she saw children running around her. -The staff told her there were no children in the dining room she was only hearing the television. -Resident #1 told the staff, "No, I can see them running around in here". -Resident #1 looked down towards the floor and moved her head from right to left as if she was following the children while they ran and said, "See, right there they are". -The staff assured her again there were no children in the room. D 273	Continued From page 22 Telephone interview with a PCA on 10/16/24 at 11:20am revealed Resident #1 had anxiety and would "act out" but staff just needed to spend time with the resident, and she would be fine. Interview with the Special Care Unit (SCU) Coordinator on 10/16/24 at 10:44am revealed: -When Resident #1 had behaviors, the resident was hard to redirect. -Resident #1 hallucinated. -Resident #1 was hallucinating on 10/15/24, the resident was saying something about children and water. -When Resident #1 fell, she had talked about something falling on her head and getting up and moving out of the way. -Trying to redirect Resident #1 when she was having behaviors did not always work. -When Resident #1 was being transported to the emergency department (ED) on 09/22/24, the emergency medical services (EMS) had to pull over because the resident was so irate. Second interview with the SCU Coordinator on 10/16/24 at 1:55pm revealed: -Resident #1's yelling had gotten worse. -When staff let her know about Resident #1's behaviors, she let the mental health provider know. - "About" a week ago she had talked to Resident #1's MHP because of Resident #1 yelling. -The mental health provider did not make any changes to the resident's care. -Resident #1 not getting out of bed was not a new behavior. -The resident got up "here and there." -The only change she had seen in Resident #1 was the increased yelling. Interview with the Activity Director on 10/16/24 at	D 273

D 273	Continued From page 23 1:40pm and 2:12pm revealed Resident #1 had seemed to be more agitated. Interview with the Regional Director of Wellness (RWD) on 10/16/24 at 3:10pm revealed Resident #1 could sometimes be restless, and staff brought the resident out of the room to watch her. Telephone interview with the facility's Interim Wellness Director (WD) on 10/16/24 at 4:37pm revealed if Resident #1 had an increase in restlessness, she would have notified the PCP and MHP through the tele medic system. Telephone interview with Resident #1's primary care provider (PCP) on 10/16/24 at 3:28pm revealed: -If Resident #1 had any changes in anxiety, restlessness, and increased yelling, she would expect to be notified as well as the MH provider should be notified. -If she had known Resident #1 had a decline, she would have ordered a urinary analysis to determine if the resident had a urinary tract infection (UTI). -A UTI could be the reason the resident had increased agitation. Telephone interview with Resident #1's MHP on 10/16/24 at 4:03pm revealed: -She saw Resident #1 for the first time "about three weeks ago" and she started the resident on an antidepressant. -She did a follow-up visit on Resident #1 on 10/09/24 and the resident seemed to be doing good. -A [named] staff member commented on 10/09/24, Resident #1 was yelling out, but because of what she was seeing and what the MA reported, she did not make any changes in	D 273

D 296	Continued From page 30 Review of Resident #1's diet order form dated 11/17/23 revealed: -There was an order for a general diet. -Texture was to be easy to chew. The description of easy to chew was no hard, tough, chewy, fibrous, stringy, crunchy, or crumbly bits and no seeds, husks, or bones. Review of Resident #1's signed physician's orders dated 07/18/24 revealed a regular diet with easy to chew texture. Observation of the breakfast meal service on 10/15/24 at 8:40am revealed: -Resident #1 was served scrambled eggs, 2 slices of bacon, toast, juice and milk. -Resident #1 slept and did not eat her meal. Observation of the lunch meal service on 10/15/24 at 12:19pm revealed: -Resident #1 was served her meal in her room. -Resident #1 was served a thin slice of glazed ham, macaroni and cheese, sliced carrots, pudding and juice. -Resident #1 ate 100 percent of her macaroni and cheese, part of her carrots and part of her ham. It could not be determined if Resident #1 was served the appropriate easy chew diet because there was no therapeutic diet menu available for staff guidance. Telephone interview with the facility's contracted primary care provider (PCP) on 10/16/24 at 3:28pm revealed: -She would not consider bacon as an easy to chew food. -Meat should be soft, like hamburgers. D 344	Continued From page 41 physicians orders dated 09/13/24 or his FL-2 dated 09/13/24. -Ten lidocaine patches were dispensed on 08/12/24, 08/22/24 and 09/30/24; the facility returned 10 patches on 08/22/24 and 09/30/24. -Resident #4 did not have any other orders for lidocaine patches. Telephone interview with a pharmacist from the facility's contracted pharmacy on 10/15/24 at 3:17pm revealed: -Lidocaine patches were used to relieve pain by applying them to a specific spot on the resident's body. -If a lidocaine patch was used to relieve discomfort then a possible outcome from not having the patch applied as ordered could be increase pain and discomfort. Second telephone interview with a pharmacist from the facility's contracted pharmacy on 10/16/24 at 2:46pm revealed: -The facility did not send Resident #4's FL-2 or six-month physician's order. -If the facility had sent the FL-2 or the six-month physician's order the pharmacy would have attempted to clarify with the PCP. -If the pharmacy could not reach the PCP, they would have reached out to the facility to call the PCP for the clarification. Telephone interview with Resident #4's primary care provider (PCP) on 10/16/24 at 4:28pm revealed: -She had not contacted by anyone from the facility to clarify any orders. -She considered the sign FL-2 to be an order. -The facility had reached out to her in the past to clarify medication orders for Resident #4 and she expected them to call her and clarify the order for	D 344
