F 684 SS=G	An unannounced onsite investigation survey regarding a facility reported incident was completed on May 2, 2024. During the report investigation the facility was found noncompliant with regulatory requirements. Quality of Care CFR(s): 483.25 § 483.25 Quality of care Quality of care is a fundamental principle that applies to all treatment and care provided to facility residents. Based on the comprehensive assessment of a resident, the facility must ensure that residents receive treatment and care in accordance with professional standards of practice, the comprehensive person-centered care plan, and the residents' choices. This REQUIREMENT is not met as evidenced by: Based on record review and review of the facility reported incident investigation, the facility failed to ensure food served accommodated resident allergies for 1 of 1 resident (Resident #1) who was hospitalized for an allergic reaction. Failure to ensure resident allergies are noted and followed while serving meals resulted in hospitalization and treatment for an anaphylactic reaction. This citation is considered past non-compliance based on review of the corrective action the facility implemented immediately following the incident. Findings include: This surveyor determined a deficient practice existed on 04/19/24. The facility implemented corrective action and completed all staff			F 684	Past noncompliance: no plan of correction required.

[kitchen staff] read [Resident #1's] name and did not say anything else on the card . . . [Resident] was treated at the hospital for anaphylactic shock . . ." Based on the following information, non-compliance at F806 is considered past non-compliance. The facility implemented corrective actions to ensure the deficient practice does not recur by: * The facility completed an investigation with interviews of staff that determined the cause of the incident. Kitchen staff failed to read and follow allergy (fish) noted on diet card. Resident #1 was served fish during lunch on 04/19/24. * Provided immediate dietary staff education regarding importance of reading diet cards every time. "You must be reviewing these for every meal. When serving, the person reading cards must announce the resident, the diet, and any allergies or dislike pertaining to that day's meal." Additional dietary staff education completed the same day before dietary staff left regarding changing the format of the diet cards and placing the allergies in red lettering. * On 04/22/24 implemented the use of newly formatted resident diet cards with allergies noted in red lettering.
