C. Clean and sanitary conditions: All practices shall be in accordance with the standards of the state environment department, pursuant to 7.6.2 NMAC. (1) Kitchen sanitation: (a) Equipment and work areas shall be clean and in good repair. Surfaces with which food or beverages come into contact shall be of smooth, impervious material free of open seams, not readily corrodible and easily accessible for cleaning. (b) Utensils shall be stored in a clean, dry place protected from contamination. (c) The walls, ceiling and floors of all rooms that food or drink is stored, prepared or served shall be kept clean and in good repair. (2) Washing and sanitizing kitchenware: (a) All reusable tableware and kitchenware shall be cleaned in accordance with procedures that include separate steps for prewashing, washing, rinsing and sanitizing. (b) Proper dishwashing procedures and techniques shall be utilized and understood by the dishwashing staff. (c) Periodic monitoring of the operation of the detergent dispenser, washing, rinsing and sanitizing temperatures shall be performed and documented. (d) When a dishwashing machine is utilized, the	8 036

8 036	Continued From page 3 cleanliness of the machine, its jets and its thermostatic controls shall be monitored and documented by the facility. A monthly log of the recorded temperature of the dishwasher shall be maintained in the facility and available for inspection. (3) Sinks for hand washing shall include hot and cold running water, hand-washing soap and disposable towels. (4) All garbage and kitchen refuse that is not disposed of through a garbage disposal unit shall be kept in watertight containers with close-fitting covers and disposed of daily in a safe and sanitary manner. (5) Cooks and food handlers shall wear clean outer garments and hair nets or caps and shall keep their hands clean at all times when engaged in handling food, drink, utensils or equipment in accordance with the local health authority. Disposable gloves shall be used in accordance with the local health authority. D. Food management: The facility shall store, prepare, distribute and serve food under sanitary conditions and in accordance with the regulations governing food establishments of local health authority having jurisdiction. (1) The facility shall ensure that a minimum of a three calendar day supply of perishables and a five calendar day supply of non-perishables or canned foods is available for the residents. (2) The facility refrigerator and freezer shall have an accurate thermometer which reads within or not more than plus or minus three degrees fahrenheit of the required temperature, located in the warmest section of the refrigerator and freezer and shall be accessible and easily read. (a) The temperature of the refrigerator shall be 35 - 41 degrees fahrenheit. (b) Freezer temperatures shall be maintained at	8 036

8 036	Continued From page 4 zero degrees fahrenheit or below. (3) Refrigerators and freezers shall be kept clean and sanitary at all times. Food stored in refrigerators and freezers shall be covered, dated and labeled. Unused leftover food shall be discarded after three calendar days. (4) Steam tables, hot food tables, slow cookers, crock pots and other hot food holding devices shall not be used in heating or reheating food. Hot food temperatures shall be checked periodically to insure that a minimum of 140 degrees fahrenheit is maintained. (5) Medication, biological specimens, poisons, detergents and cleaning supplies shall not be kept in the same storage areas used for storage of foods. Medications shall not be stored in the refrigerator with food; an alternate refrigerator for medication shall be used. (6) Canned or preserved foods shall be procured from sources that process the food under regulated quality and sanitation controls. This does not preclude the use of local fresh produce. The facility shall not use home-canned foods. (7) Dry or staple food items shall be stored at least six inches off the floor in a ventilated room that is not subject to sewage, waste water back-flow or contamination by condensation, leakage, rodents or vermin. (8) The facility shall ensure the following: (a) all perishable food is refrigerated and the temperature is maintained no higher than 41 degrees fahrenheit; (b) the temperature for all hot foods is maintained at 140 degrees fahrenheit; and (c) all displayed or transported food is protected from environmental contamination and maintained at proper temperatures in clean containers, cabinets or serving carts. 8 036	Continued From page 5 (1) Raw milk shall not be used. (2) Condensed, evaporated, or dried milk products that are nationally recognized may be employed as "additives" in cooked food preparation but shall not be substituted or served to residents in place of milk. F. Collateral requirements: Compliance with this rule does not relieve a facility from the responsibility of meeting more stringent municipal regulations, ordinances or other requirements of state or federal laws governing food service establishments. Local health authority having jurisdiction means municipal, county, state or federal agency(s) that have laws and regulations governing food establishments, liquid waste disposal, treatment facilities and private wells. [8.370.14.36 NMAC - N, 7/1/2024] This REQUIREMENT is not met as evidenced by: 8.370.14.36 C (5) Based on observation and interview, the facility failed to ensure cooks and food handlers wore hair nets or caps at all times when engaged in handling food, drink, utensils and equipment in accordance with the local health authority. This deficient practice could likely result in the (R #s 1) residents identified on the census provided by the Operations Manager on 10/14/25, to be at risk of harm or contracting foodborne illnesses if food was not protected from biological hazards (harmful microorganisms or substances of biological origin that can cause foodborne illnesses when/if consumed) if kitchen staff are not wearing proper protective garments such as hair nets and caps. The findings are:	8 036	House Operations Manager purchased hairnets to be available for all staff when engaged in handling food, drink, utensils and equipment. In-service training for House Operations Manager, Cook and all Caregiving Staff for the proper protective garments such as hairnets or caps to be worn at all times when engaged in handling food, drink, utensils and equipment.	10/16/25	11/13/25
