	Infection Control Required Training - Infection Control Required Training LCB File No. R048-22 Sec. 5 4. The persons designated pursuant to subsection 3 as responsible for infection control shall complete not less than 15 hours of training concerning the control and prevention of infections provided by the Association for Professionals in Infection Control and Epidemiology, Inc., the Centers for Disease Control and Prevention of the United States Department of Health and Human Services, the World Health Organization or the Society for Healthcare Epidemiology of America, or a successor in interest to any of those organizations, not later than 3 months after being designated and annually thereafter. 5. Training completed pursuant to subsection 4 may be in any format, including, without limitation, an online course provided for compensation or free of charge. A certificate of completion for the training must be maintained in the personnel file of each person designated pursuant to subsection 3 for 3 years immediately following the completion of the training. Inspector Comments: Based on personnel file review, document review, and interview, the facility failed to ensure the secondary infection control person met the required 15 hours of initial infection control training (Employee #2). This deficient practice had the potential to affect 9 of 9 residents. Findings include: Employee #2 Employee #2 was hired at the facility on 03/24/2009, as the owner, caregiver, and secondary infection control person. Employee #2's personnel record lacked documented evidence of the 15 hours of completed infection control and prevention training. On 10/24/2024 at 11:17 AM, the Administrator verbalized Employee #2 was the designated secondary infection control person but did not complete the required 15 hours of infection control and prevention training. This was a repeat deficiency from the 07/25/2024 annual State Licensure survey. Severity: 2 Scope: 3		1830 The secondary infection control employee has completed her 15 hour training for infection control. The facility will make sure employees will follow new training requirement in timely manner. The administrator of the facility will make sure plan of correction will be met.
