|                                                                        | <p>Initial Comments</p> <p>Inspector Comments: This Statement of Deficiencies was generated as a result of a FOCUSED COVID-19 infection control survey conducted at your facility on 11/18/20, in accordance with Nevada Administrative Code (NAC) Chapter 449, Residential Facility for Groups. The facility is licensed for nine Residential Facility for Group beds for elderly and disabled persons and/or persons with Alzheimer's disease, Category II residents. The census at the time of the survey was six. The investigation of regulatory compliance of Infection Control and Prevention included: The Administrator verbalized there were no residents and no employees with COVID-19 symptoms or positive results.</p> <p>Observations: - The caregiver checked the temperature of the health facilities inspector prior to entry to the facility. The health facilities inspector was required to answer a questionnaire about COVID-19 symptoms, travel history, and exposure to the virus at other facilities prior to entry to the facility. - The caregiver disinfected the bottom of the health facilities inspector's shoes with a bleach solution spray prior to entry to the facility. - The caregiver wore a single use disposable mask. The caregiver was donning and doffing personal protective equipment (PPE) correctly. - The caregiver washed hands with soap and water and used alcohol-based hand sanitizer between activities. - The caregiver disinfected common areas throughout the facility with Clorox wipes. High touch surfaces were disinfected with a bleach spray solution between activities. - Hand sanitizer was located at the front entrance of the facility and in the kitchen. Four one-liter containers of alcohol-based hand sanitizer were stored in a cabinet in the living room. - The facility stored their PPE in a cabinet in the living room. The facility had a stock of gloves (2,000 pairs), single use disposable masks (1,000), gowns (300), face shields (200), KN95 masks (10), and N95 face masks (2). - Instructions related to wearing a mask and social distancing were posted on the front door of the facility and in the living room.</p> |                                                                                                   |                                                                                                                          |                                                        |

If deficiencies are cited, an approved plan of correction must be returned within 10 days after receipt of this statement of deficiencies.

|                                                                        | <p>Interview: The Administrator verbalized the following: - Testing for COVID-19 was conducted for all six residents and three staff members in May 2020; all test results were negative for COVID-19. No employees or residents had exhibited signs or symptoms for COVID-19 during the time of inspection. - No visitors were allowed into the facility, with exception to essential workers (social workers, hospice nurses, certified nursing assistants, physicians). Anyone entering the facility must have their temperature taken and be verbally screened with a questionnaire about COVID-19 symptoms and travel history. - The facility had five non-contact temporal thermometers. - The Administrator obtained PPE supplies weekly. - Temperature checks for residents were conducted once a day or if there is a change in condition. Temperature logs were stored in resident files. Temperature logs were observed in resident files. - Meals were provided to residents at different times of the day to maintain social distancing practices of at least six feet. All dishware was washed by hand with soap and warm water. - Residents are encouraged to maintain at least six feet of distance between each other when they are in the common areas (backyard, living room, dining room) during any activities to adhere to social distancing. - Infection control training is provided to staff by the Administrator weekly. - High touch surfaces are disinfected by staff between activities, at the beginning of their shift, and at the end of their shift. Staff sanitized all high touch areas between any activities with Clorox wipes and a bleach spray solution. - Virtual facetime is offered to residents through cell phones. Family and friends can be contacted through virtual visitation whenever requested by the resident, or if requested by the families, friends, and essential healthcare providers. Cell phones were disinfected between each virtual visitation. - The facility would contact the Bureau of Health Care Quality and Compliance (BHCQC) and Office of Public Health Investigations and Epidemiology (OPHIE) of a suspect or positive case of COVID-19. - At least one employee was medically cleared and fitted for N95 masks.</p> |                                                                                                   |                                                                                                                          |                                                        |
