	449.2748(1-2) - Medication Storage - NAC 449.2748 Medication: Storage; duties upon discharge, transfer and return of resident. 1. Medication, including, without limitation, any over-the-counter medication, stored at a residential facility must be stored in a locked area that is cool and dry. The caregivers employed by the facility shall ensure that any medication or medical or diagnostic equipment that may be misused or appropriated by a resident or any other unauthorized person is protected. Medication for external use only must be kept in a locked area separate from other medications. A resident who is capable of administering medication to himself without supervision may keep his medication in his room if the medication is kept in a locked container for which the facility has been provided a key. 2. Medication stored in a refrigerator, including, without limitation, any over-the-counter medication must be kept in a locked box unless the refrigerator is locked or is located in a locked room. Inspector Comments: Based on observation and interview, the facility failed to ensure medications were stored and secured in a locked area. Findings include: On 09/19/17 during a facility tour in the morning, the following medication was found to be unsecured: Room #5 - Tube of triamcinolone acetone prescription ointment on resident nightstand. On 09/19/17 in the morning, Employee #3 acknowledged the medication was found unsecured and reported they forgot to secure the medication after showering and administering to the resident. Severity: 2 Scope: 3		a)The triamcinolone ointment was placed back in the medication cabinet by caregiver after inspector pointed it out. b)Administrator reminded caregivers to secure medications immediately in the medication cabinet after use. Administrator will check for unsecured medications when visiting the facility to monitor for compliance.
