RE: Survey Event ID: NKVY11

Dear Ms. Statum:

On **July 10, 2025**, agents from our office concluded a State Licensure survey at your facility. The deficiencies found during the survey are identified on the enclosed STATE FORM.

These deficiencies represented the potential for more than minimal harm. Your facility will be given an opportunity to correct deficiencies prior to assessing penalties, however, if upon revisit your facility has not corrected the deficiencies penalties will be applied starting on **July 10, 2025**.

Please note the items listed in the deficiency column of the STATE FORM. You have two choices of methods to prepare the written plan of correction (POC). The first method is to type the plan of correction and anticipated date of completion in the space provided on the right half of the STATE FORM. If additional space is needed, supplemental sheets may be attached.

The second method is to prepare your plan on the **Optional Plan of Correction Template** (attached). Use of the template is voluntary. It is intended to help you submit a complete and acceptable plan of correction. If you choose to use the optional template, complete one template for each deficiency cited on the STATE FORM. In the space provided on the right half of the STATE FORM, type a notation that the plan of correction is being submitted using the optional template. Copies of the form and instructions are available at: <http://www.ok.gov/health>. This link opens the OSDH home page. To find the optional POC, **click on Services**, then **click on Long Term Care**. The link to the forms can be found by selecting **Long Term Care Forms** on the left menu column.

To be found acceptable by the OSDH, the plan of correction must:

- (1) Address how corrective action will be accomplished for affected residents.
- (2) Address how other residents with the potential to be affected will be identified.
- (3) Address measures or systemic changes to ensure the deficiency will not recur.
- (4) Indicate how the center plans to monitor performance to ensure corrections are sustained.
- (5) Include dates when corrective action and monitoring will be completed for each violation.
- (6) Be signed by the administrator.

Your development of the evidence referenced in item 4, above, is very important for establishing the actual date your assisted living center corrected deficiencies and achieved compliance under the Continuum of Care and Assisted Living Act. If the required evidence is available when the OSDH conducts a revisit, then the earliest date of compliance shown in the evidence can be used by the OSDH to establish the effective date of correction and compliance. However, if there is no evidence of quality assurance being implemented, the correction date can be no earlier than the date of the OSDH revisit. If the required evidence is not available, the revisit may result in a repeated deficiency statement and another plan of correction may be required.

Avoid naming individuals, business firms or brand names on the enclosed form and any attachments. The document will be a public record, and any such names will be available for disclosure.

Please sign, date and return the completed form, along with any attachments, supplements and templates, to this office within ten (10) OSDH business days of your receipt of this letter. OSDH business days are Monday through Friday, excluding state holidays. Failure to submit a Plan of Correction will not delay the subsequent revisit or any other phase of the enforcement process. Please retain a copy of the completed form for your files.

In accordance with O.S. 63-1-895, you have one opportunity to dispute citations of deficient practice through an informal dispute resolution (IDR) process. *The IDR in no way is to be construed as a formal evidentiary hearing; it is an informal administrative process to discuss deficiencies.* If you choose to contest a cited deficiency, the facility must complete an IDR Request Form (ODH Form 833AL). An explanation must be listed for each disputed deficiency. An attachment is acceptable if additional space is required for the dispute explanation. The IDR Coordinator may be contacted at (405) 426-8200 or at the address below to acquire a copy of the ODH Form 833AL and the Oklahoma IDR Process for Assisted Living Centers.

The IDR request must be submitted within 10 calendar days from receipt of the State Form deficiency statement. Failure to submit a completed IDR Request form and supporting documentation within this timeframe waives your right to the IDR. Failure to complete the IDR timely will not delay the effective date of any enforcement action against the facility. A designee of the Department shall conduct the IDR. The IDR may be accomplished by a desk review, conducted in a face-to-face, or virtual meeting. The facility shall receive written confirmation of the IDR results.

The facility must submit the completed IDR Request Form and supporting documentation under separate cover to: IDRCoordinator@health.ok.gov

or mail to: IDR Coordinator

Facilities may not use the IDR process to delay the formal imposition of remedies or to challenge any other aspect of the survey process, including the:

- Remedy(ies) imposed by the Department,
- Alleged failure of the surveyor to comply with a requirement of the survey process;
- Alleged inconsistency of the surveyor in citing deficiencies among facilities; or
- Alleged inadequacy or inaccuracy of the informal dispute resolution process

If you have any questions regarding the IDR process, please contact the IDR Coordinator via email at IDRCoordinator@health.ok.gov, or telephone at (405) 426-8200.

If you have questions or need assistance, please feel free to send an email to LTCEnforcement@health.ok.gov or call (405) 426-8200. When writing or calling, indicate whether you are asking about the enforcement process, or about the survey process and deficiencies, and your inquiry will be directed to the appropriate available staff members.

RE: Survey Event NKVY11

Dear Ms. Statum:

On **July 10, 2025**, a Licensure inspection was conducted at your Assisted Living Center facility. Deficiencies were identified and we have received your plan of correction for these deficiencies. Your plan of correction is acceptable.

This acceptance acknowledges that your facility has indicated a willingness and ability to make corrections adequately and in a timely manner. **Our acceptance does not absolve the facility's responsibility for compliance should the implementation not result in correction and compliance.**

You have alleged that the deficiencies cited on that survey will be corrected and you will be in substantial compliance by **September 8, 2025**.

We will conduct a revisit to verify that all violations have been corrected. If you have any questions, please contact this office at (405) 426-8200.
