RE: MOUNTAIN VIEW # 583300

Dear Provider:

This document references Compliance Determination 33133 (Completion Date 11/28/2023).

The Department completed a full inspection of your Adult Family Home on 11/28/2023 and found that your home does not meet the Adult Family Home licensing requirements.

The department staff who did the inspection and provided consultation:

Brian Takagi, Adult Family Home Licensur/Long-Term Care Surveyor

A licensur may consult with a provider when a violation of the Washington Administrative Code (WAC) or Revised Code of Washington (RCW) is found, but it is not cited in the Statement of Deficiencies. Violations may not be cited when it is a first-time violation of statute or rule with minimal or no harm to residents. A consult does not require a follow-up visit.

Consultation:

WAC 388-112A-0050 What are the training and certification requirements for volunteers and long-term care workers in adult family homes, adult family home providers, and adult family home applicants?

(4) The following training requirements are not listed in the charts in subsections (1) and (2) of this section but are required under this chapter:

This document was prepared by Residential Care Services for the Locator website.

(a) First aid and CPR under WAC 388-112A-0720 ;

WAC 388-76-10130 Qualifications Provider, entity representative, and resident manager. The adult family home must ensure that the provider, entity representative on behalf of an entity provider, and resident manager have the following minimum qualifications:

(11) Obtain and keep valid cardiopulmonary resuscitation (CPR) and first-aid card or certificate as required in chapter 388-112A WAC; and

Record review on 11/27/2023 showed Caregiver C (CG C) did not have documentation of first-aid or cardiopulmonary resuscitation (CPR) training. By the end of the working day on 11/27/2023, record review of Department email showed the Provider submitted the date and time CG C will be taking the CPR/First-aid training with a local organization. The Provider submitted work schedule details indicating CG C worked with another staff member who was CPR/First aid certified. Record review of all other AFH staff members showed their CPR/first-aid certification was valid.

You Must:

- Begin the process of correcting the deficiency or deficiencies immediately; and
