RE: Arcy's Adult Family Home # 751017

Dear Provider:

This document references Compliance Determination 23623 (Completion Date 06/27/2023).

The Department completed a full inspection of your Adult Family Home on 06/27/2023 and found that your home does not meet the Adult Family Home licensing requirements.

The department staff who did the inspection and provided consultation:

Andria Underwood, LTC Surveyor

A licensor may consult with a provider when a violation of the Washington Administrative Code (WAC) or Revised Code of Washington (RCW) is found, but it is not cited in the Statement of Deficiencies. Violations may not be cited when it is a first-time violation of statute or rule with minimal or no harm to residents. A consult does not require a follow-up visit.

Consultation:

WAC 388-76-10430 Medication system.

(3) Records are kept which include a current list of prescribed and over-the-counter medications including name, dosage, frequency and the name and phone number of the practitioner as needed.

The Adult Family Home (AFH) failed to have an accurate list of medications currently being used by Resident 1. Resident 1 had two medications that were discontinued but still on their Medication Administration Record (MAR) dated May 2023. The AFH Provider immediately requested and received documentation from Resident 1's doctor showing the two medications had been discontinued. This deficiency was corrected on-site at the time of visit.

You Must:

- Begin the process of correcting the deficiency or deficiencies immediately; and
- Complete correction as soon as possible.

You Are Not:

- Required to submit a plan-of-correction for the deficiency or deficiencies found.

The Department May:

- Inspect the home to determine if you have corrected all deficiencies.

You May:

- Ask for a informal dispute resolution meeting, according to the attached 'Informal Dispute Resolution' instructions; and
- Ask questions and provide written information to help clarify or dispute the deficiencies.
- Contact me for clarification of the deficiency or deficiencies found.

If You Have Any Questions:

- Please contact me at (360)664-8421.

Sincerely,

Jennifer LeMaster
