RE: SUNNY SIDE INN AFH # 751699

Dear Provider:

This document references Compliance Determination 26925 (Completion Date 07/21/2023).

The Department completed a full inspection of your Adult Family Home on 07/21/2023 and found that your home does not meet the Adult Family Home licensing requirements.

The department staff who did the inspection and provided consultation:

Melanie Hopkins, NHI-AFH Licenser

A licenser may consult with a provider when a violation of the Washington Administrative Code (WAC) or Revised Code of Washington (RCW) is found, but it is not cited in the Statement of Deficiencies. Violations may not be cited when it is a first-time violation of statute or rule with minimal or no harm to residents. A consult does not require a follow-up visit.

Consultation:

WAC 388-76-10015 License Adult family home Compliance required.

- (1) The licensed adult family home must comply with all the requirements established in chapters 70.128 , 70.129, 74.34 RCW, this chapter and other applicable laws and regulations including chapter 74.39A RCW; and
- (2) The provider is ultimately responsible for the day-to-day operation of each licensed

home.

(3) The provider must promote the health, safety, and well-being of each resident residing in each licensed adult family home.

The Adult Family Home did not create and follow a Respiratory Protection Program. The Provider had not been fit tested for N-95 respirator.

You Must:

- Begin the process of correcting the deficiency or deficiencies immediately; and
- Complete correction as soon as possible.

You Are Not:

- Required to submit a plan-of-correction for the deficiency or deficiencies found.

The Department May:

- Inspect the home to determine if you have corrected all deficiencies.

You May:

- Ask for a informal dispute resolution meeting, according to the attached 'Informal Dispute Resolution' instructions; and
- Ask questions and provide written information to help clarify or dispute the deficiencies.
- Contact me for clarification of the deficiency or deficiencies found.

If You Have Any Questions:

- Please contact me at (509)572-7394.

Sincerely,

Michelle Closner, Field Manager
