WAC 388-76-10380 Negotiated care plan Timing of reviews and revisions. The adult family home must ensure that each resident's negotiated care plan is reviewed and revised as follows:

(4) At least every twelve months.

This requirement was not met as evidenced by:

Based on observation, interview and record review, the Adult Family Home (AFH) failed to update and review the Negotiated Care Plan (NCP) for 1 of 2 sampled residents (Resident 1) at least every twelve months. This failure placed Resident 1 at risk for unmet care needs.

Findings included...

During an unannounced visit on 10/27/2023 between 10:33 AM to 5:58 PM, observation showed staff interacted and provided care to Resident 1.

Record review of Resident 1's most current NCP showed that it was originally signed by Staff A, Entity Representative, on 09/07/2021. There was a date added "8-31 (no year)" on the same row but no signature. Further review of the NCP showed that it was originally signed by the Resident 1's representative on 09/07/2021 and another date 09/08/2023 was added to the same row with no signature of Resident 1 and/or their representative.

In an interview on 10/27/2023 at 3:54 PM, Staff A, Entity Representative, stated that they (Staff A and Staff D, Caregiver) had reviewed the NCP, but it was not reviewed with the resident or the representative. Staff A did not explain why Resident 1's NCP was not reviewed with the resident and/or the resident's representative yearly.
