RE: Hisgrace Adult Family Home # 755795

Dear Provider:

This document references Compliance Determination 30934 (Completion Date 10/16/2023).

The Department completed a full inspection of your Adult Family Home on 10/16/2023 and found that your home does not meet the Adult Family Home licensing requirements.

The department staff who did the inspection and provided consultation:

Hongyan Cluer, RN, ALF Licenser

A licenser may consult with a provider when a violation of the Washington Administrative Code (WAC) or Revised Code of Washington (RCW) is found, but it is not cited in the Statement of Deficiencies. Violations may not be cited when it is a first-time violation of statute or rule with minimal or no harm to residents. A consult does not require a follow-up visit.

Consultation:

WAC 388-76-10375 Negotiated care plan Signatures Required. The adult family home must ensure that the negotiated care plan is agreed to and signed and dated by the:

- (1) Resident; and
- (2) Adult family home.

The

adult family home provider failed to develop a system to ensure the negotiated care plan was agreed upon and signed for R1. It was signed and dated by provider and R1 on the inspection date (10/11/2023).

WAC 388-76-10285 Tuberculosis Two step skin testing. Unless the person meets the requirement for having no skin testing or only one test, the adult family home, choosing to do skin testing, must ensure that each person has the following two-step skin testing:

(2) A second test done one to three weeks after the first test.

One care staff at the adult family home did not have 2nd Tuberculosis skin test within one to three weeks after the 1st test was read negative on 6/26/2023.

You Must:

- Begin the process of correcting the deficiency or deficiencies immediately; and
- Complete correction as soon as possible.

You Are Not:

- Required to submit a plan-of-correction for the deficiency or deficiencies found.

The Department May:

- Inspect the home to determine if you have corrected all deficiencies.

- Ask questions and provide written information to help clarify or dispute the deficiencies.
