WAC 388-76-10166 Background checks Household members, noncaregiving and unpaid staff Unsupervised access.

- (1) The adult family home must not allow individuals specified in WAC 388-76-10161 (3) to have unsupervised access to residents until the home receives results of the Washington state name and date of birth background check from the department.
- (2) If the background check results show that an individual specified in WAC 388-76-10161 has a criminal conviction or pending charge for a crime that is not automatically disqualifying under chapter 388-113 WAC, then the adult family home must:
- (a) Determine whether or not the person has the character, competence and suitability to have unsupervised access to residents; and
- (b) Document in writing the basis for making the decision.

This requirement was not met as evidenced by:

Based on observation, interview and record review, the Adult Family Home (AFH) failed to determine and document if 1 of 3 staff members (Staff C, Caregiver) had the character, competence, and suitability (CCS) reviewed and in writing before having unsupervised access to residents living in the home. This failure increased the risk of residents being cared for by someone that may not have been qualified to have unsupervised access to residents.

Findings included...

Observation, on 07/17/2024 at 11:05 AM, showed there were three residents living at the AFH. Observation showed Staff C as the only staff member on site.

Record review of Staff C's interim background check results, dated 07/08/2024, showed that further review was required pending results. Review of Staff C's employee file showed no documentation of determination of whether they had the character, competence and suitability to have unsupervised access to residents.

In an interview, on 07/17/2024 at 12:41 PM, Staff B (Caregiver) stated that Staff C was hired on 06/25/2024 and usually was left at the AFH with the residents by themselves for a few hours once a week. Staff B stated that they overlooked the documentation of Staff B's suitability to have unsupervised access to the residents because they were waiting for the final report.
