RE: Compassion First Adult Family Home Inc # 758175

Dear Provider:

This document references Compliance Determination 71996 (Completion Date 01/27/2026).

The Department completed a full inspection of your Adult Family Home on 01/27/2026 and found that your home does not meet the Adult Family Home licensing requirements.

The department staff who did the inspection and provided consultation:

Olga Goyzman

A licensor may consult with a provider when a violation of the Washington Administrative Code (WAC) or Revised Code of Washington (RCW) is found, but it is not cited in the Statement of Deficiencies. Violations may not be cited when it is a first-time violation of statute or rule with minimal or no harm to residents. A consult does not require a follow-up visit.

Consultation:

WAC 388-76-10360 Negotiated care plan Timing of development Required. The adult family home must ensure the negotiated care plan is developed and completed within thirty days of the resident's admission.

The adult family home (AFH) provider failed to develop a system to ensure negotiated care plan is developed and completed within thirty days of the resident's admission for

all residents. They were completed within 24 hours.

WAC 388-76-10285 Tuberculosis Two step skin testing. Unless the person meets the requirement for having no skin testing or only one test, the adult family home, choosing to do skin testing, must ensure that each person has the following two-step skin testing:

- (1) An initial skin test within three days of employment; and
- (2) A second test done one to three weeks after the first test.

The adult family home (AFH) provider failed to develop a system to ensure tuberculosis testing (TB) is done within 3 days of employment, TB testing was done within 24 hours.

You Must:

- Begin the process of correcting the deficiency or deficiencies immediately; and
- Complete correction as soon as possible.

You Are Not:

- Required to submit a plan-of-correction for the deficiency or deficiencies found.

The Department May:
