RE: Ellensburg Senior Living # 2376

Dear Administrator:

This letter addresses deficiencies occurring in the report(s) for: Compliance Determination(s) 64091 (Completion Date 08/13/2025) and 61608 (Completion Date 06/27/2025).

The Department completed a follow-up inspection of your Assisted Living Facility on 08/13/2025 and found no deficiencies.

The Department found that deficiencies for the following licensing laws and regulations were corrected:

WAC 388-78A-3100 Safe storage of supplies and equipment. The assisted living facility must secure potentially hazardous supplies and equipment commensurate with the assessed needs of residents and their functional and cognitive abilities. In determining what supplies and equipment may be accessible to residents, the assisted living facility must consider at a minimum:

- (1) The residents' characteristics and needs;
- (2) The degree of hazardousness or toxicity posed by the supplies or equipment;

WAC 388-78A-2600 Policies and procedures.

(2) The assisted living facility must develop, implement and train staff persons on policies and procedures to address what staff persons must do:

- (a) Related to suspected abandonment, abuse, neglect, exploitation, or financial exploitation of any resident;

WAC 388-78A-2930 Communication system.

- (1) The assisted living facility must:

(a) Provide residents and staff persons with the means to summon on-duty staff assistance from all resident-accessible areas including:

(ii) Resident living rooms and resident sleeping rooms; and

The Department staff who did the On Site verification:

Tracy Ramirez, Assisted Living Facility Licenser

This requirement was not met as evidenced by:

Based on observation and interview, the assisted living facility failed to ensure hazardous supplies and toxic chemicals were not accessible to residents in 2 of 2 Memory Care Units (Memory Care Unit 1 and 2). This failure resulted in resident access to unsafe materials and placed residents at risk of injury from hazardous supplies and toxic chemicals.

Findings include...

Observations on 06/25/2025 showed that the facility had two memory care units and each unit provided specialized care for residents with dementia (condition that affects memory, decision making and behavior). Observation showed that each unit had a kitchen area that was accessible to residents.

Observation on 06/25/2025 at 11:29 AM, showed that an unlocked cabinet under the

kitchen sink contained two cans of Febreze (air freshener that can cause skin irritation and respiratory problems when not used properly) and three large containers of sanitizing wipes. There was an unlocked drawer that contained a pair of non-safety scissors, a bottle of extra strength glue and a tube of Coloplast cream that can cause skin irritation. Observation showed that there were four residents seated in the area and were unattended.

In an interview on 06/25/2025 at 11:36 AM, Staff D, Caregiver, stated the staff kept air fresheners and sanitizing wipes under the kitchen sink and was not sure about other hazardous/toxic chemical items.

Observation on 06/25/2025 at 11:50 AM, showed a resident was opening and closing drawers in the kitchen. The resident and was observed to pull out a napkin and fold it on the kitchen counter.

In an interview and observation on 06/25/2025 at 11:52 AM, Staff D attempted to lock the unsecured cabinet under the kitchen sink and was unsuccessful. Staff D stated that the cabinet's lock had not worked for a long time.

<Kitchen 2>

Observation on 06/25/2025 at 11:38 AM, showed that an unsecured cabinet under the kitchen sink contained an opened, large container of Mycolio sanitizing wipes (designed for equipment sanitation and can cause skin, eye and respiratory problems if not used properly). Observation showed that there were 12 residents seated in the area and that they were unattended.

In an interview on 06/25/2025 at 11:45AM, Staff F, Caregiver, stated the sanitizing wipes were always kept in the cabinet under the sink.

This is an uncorrected deficiency previously cited on 05/07/2025 for subsections (1)(2).

This requirement was not met as evidenced by:

Based on an interview and record review, the assisted living facility failed to ensure staff implemented the facility's reporting and investigation policy and procedure for 2 of 3 incidents (Incident 1 and 2). This failed practice precluded the department from conducting a timely investigation and resulted in a lack of preventative measures to prevent further incidents.

Findings included...

Review of the facility's policy titled, "Incident Reports," revised 06/01/2024, showed that the facility would do an internal report and investigation of all incidents, determine the circumstances, put preventative measures in place, complete staff training if needed, and report to the department.

Review of an incident report, dated 06/22/2025, showed that Resident 1 had a physical altercation with Resident 2. The report showed Resident 1 became agitated with Resident 2 and hit them on the head. The report showed the residents were separated from one another and that pain medication was provided to Resident 2. The report did not show what measures were initiated to prevent future occurrences and did not show

that the department was notified of the incident.

Review of the department's reporting database on 07/03/2025, showed no facility report of the altercation between Resident 1 and Resident 2.

<Incident 2>

Review of an incident report, dated 06/24/2025, showed that Resident 4 had fallen outside and that another resident alerted facility staff. The report showed that Resident 4 was assessed and assisted to get up by facility staff. The report did not show the circumstances of how the resident fell or what measures were initiated to prevent a future occurrences.

In an interview on 06/26/2025 at 11:22 AM, Staff C, Community Support Nurse/Licensed Practical Nurse (LPN), stated that Resident 1 and Resident 2's altercation met abuse and reporting requirements. Staff C stated that Residents 1 and Resident 2's records did not show the required information related to the incidents.

In an interview on 06/26/2025 2:46 PM, Staff A, Business Office Manager, stated the facility's administrator should have reviewed and completed a follow up for incident reports.

This is an uncorrected deficiency previously cited on 05/07/2025 for subsections (2)(a).

WAC 388-78A-2290 Family assistance with medications and treatments.

(1) An assisted living facility may permit a resident's family member to administer medications or treatments or to provide medication or treatment assistance, including obtaining medications or treatment supplies, to the resident.

(2) The assisted living facility must disclose to the department, residents, the residents' legal representatives, if any, and if not the residents' representative if any, and to interested consumers upon request, information describing whether the assisted living facility permits such family administration or assistance and, if so, the extent of any limitations or conditions.

(3) If the assisted living facility allows family assistance with or administration of medications and treatments, and the resident and a family member(s) agree a family member will provide medication or treatment assistance, or medication or treatment administration to the resident, the assisted living facility must request that the family member submit to the assisted living facility a written plan for such assistance or administration that includes at a minimum:

(a) By name, the family member who will provide the medication or treatment assistance or administration;

(b) A description of the medication or treatment assistance or administration that the family member will provide, to be referred to as the primary plan;

(c) An alternate plan if the family member is unable to fulfill his or her duties as specified in the primary plan;

(d) An emergency contact person and telephone number if the assisted living facility observes changes in the resident's overall functioning or condition that may relate to the medication or treatment plan; and

(e) Other information determined necessary by the assisted living facility.

(4) The plan for family assistance with medications or treatments must be signed and dated by:

(a) The resident, if able;

(b) The resident's representative, if any;

(c) The resident's family member responsible for implementing the plan; and

(d) A representative of the assisted living facility authorized by the assisted living facility to sign on its behalf.

This requirement was not met as evidenced by:

Based on interview and record review, the Assisted Living Facility failed to ensure a written plan, that included the family member's name who was responsible for implementing the plan, a description of the medication, an alternate plan, an emergency contact, and a signature by the resident or representative for 2 of 2 residents (Resident 3 and 7). This failure placed residents at risk of not getting their medication in the event that an alternate plan would be needed.

Findings included...

<Resident 3>

Review of Resident 3's facility demographic sheet, undated, showed that the resident moved into the facility on [REDACTED]/2024.

Review of Resident 3's facility assessment, dated 03/12/2024, showed that the resident required staff assistance with medications.

In an interview on 04/30/2025 at 4:33 PM, Collateral Contact 2 (CC2), resident representative, stated that they provided medication assistance by purchasing and delivering Resident 3's over the counter medication to the facility.

Review of Resident 3's Negotiated Service Agreement (NSA), dated 05/29/2024, showed that the resident had diagnoses of [REDACTED] and [REDACTED]. The NSA did not show a plan had been developed for family assistance with medications.

Review of Resident 3's record showed that as of 05/06/2025, a family assistance with medications plan had not been documented in the resident record.

<Resident 7>

Review of Resident 7's facility demographic sheet, undated, showed that the resident moved into the facility on [REDACTED]/2023.

Review of Resident 7's facility assessment, dated 05/30/2024, showed that the resident had assistance from their family for routine and over-the-counter medications.

Review of Resident 7's physician orders, dated 04/30/2025, showed that the resident received prescription medications for blood pressure, cholesterol, edema (swelling caused by fluid build up in body tissue) and pain. The document showed that Resident 7 received medication for pain, muscle spasms and received Nitroglycerin (medication used for chest pain) as needed.

Review of Resident 7's NSA, dated 05/30/2024, showed that the resident required self-directed medication administration. The NSA showed that facility staff would prepare the medication and observe Resident 7 taking their medication. The NSA did not show a description of the medication, who was responsible for managing Resident 7's medications and did not show an alternative plan in the event that the person responsible was not able to provide the medication to the resident.
