On 9/06/2023, an investigation was conducted for complaint ID # 94511, at 6th Avenue Senior Living, located at 610 N Fife St in Tacoma, WA. The complaint was in regards to a resident that was burned due to smoking while on oxygen.

An interview was conducted with facility maintenance director and the residential care director. According to interview, the resident had a history of smoking while intoxicated, which the facility had warned the resident was in violation of their signed smoking contract. On 8/18/23, the resident sustained burn injuries due to smoking while intoxicated and on oxygen in their apartment. Facility staff immediately called 911 to assess the resident's injuries and transport them to the hospital.

Since the August 18th incident, the resident has since been discharged from the facility and is no longer residing there, resolving any need for further investigation. Facility staff did mention that a second resident had been caught smoking while intoxicated and has since been moved to their secured memory care floor to prevent risk of self-harm or injury to other facility residents.
