M 000	INITIAL COMMENTS On 07/08/2025, Surveyor conducted an abbreviated survey at Dar Mar LLC Country Corner AFH. Data collection continued through 07/14/2025. Two deficiencies were identified. Census: 3	M 000		
M 278	88.05(3)(b) FREE OF HAZARDS The home shall be free from hazards and kept uncluttered and free of dangerous substances, insects and rodents. This Rule is not met as evidenced by: Based on observation and interview, the provider did not ensure the home was free from hazards when Resident 1 tripped on a loose piece of vinyl flooring. Findings include: On 07/08/2025 at approximately 1:30 PM, Surveyor toured the home with Licensee A. Licensee A stated s/he was in the process of remodeling and adding a new addition to the home. Resident 1 was following Surveyor and Licensee A around the upper level of the home when Resident 1 slipped on a piece of loose vinyl flooring in what was described as the new dining area. Resident 1 lost his/her balance but did not fall. Licensee A provided physical assistance for	M 278

Resident 1 to prevent him/her from falling. Licensee A asked Resident 1 if s/he "pulled anything." Resident 1 did not appear to be in any distress. Licensee A picked up the loose piece of flooring and propped it along the wall of the dining area. Licensee A stated his/her family member was helping with the remodel. Surveyor observed the family member sitting on a chair on the deck area connected to the new addition.

Surveyor was on site from approximately 1:15 PM to 2:30 PM and observed the following:

-A vacant room identified as the new dining room, connected the kitchen to the new addition of the home. The room was accessible to all residents in the home. The room had a vacuum cleaner lying on its side with a long cord stretched out approximately 3 feet from the base of the vacuum.

-There was an open floor vent where the metal register cover was missing, leaving an exposed hole in the floor between the dining area and new addition. The hole was approximately 1 foot long and 3 inches wide.

-The new addition, accessible to all residents, had unsecured pieces of vinyl flooring. The pieces were loose and not connected. There were approximately 1-inch gaps between some of the pieces. Surveyor cautiously walked over them to access the deck area.

-The deck area had a table with multiple power tools sitting on it, along with a screwdriver and hammer. There was a table saw on the deck that appeared to be plugged into a power source. Surveyor did not observe Licensee A's family member on the deck. The items were not being

When asked about the emergency exits in the home, Licensee A stated the deck area was the 2nd emergency exit. To access that exit, residents would be exposed to potential tripping hazards. Licensee A stated s/he hoped the main floor remodel would be finished by November. On 07/14/2025 at 10:30 AM, Surveyor interviewed Licensee A via phone. Surveyor shared concerns observed in the environment. Licensee A stated that area of the home was now finished and would not pose a further risk.	M 278

Findings include: On 07/08/2025 at approximately 1:50 PM, Surveyor reviewed the provider's medication systems with Licensee A. Licensee A stated s/he was a registered nurse. Licensee A opened a locked closet and identified a basket of pill bottles. Licensee A stated the full pill bottles were kept in the storage closet. Licensee A went to the kitchen and unlocked a cabinet where other medications were kept. Surveyor observed 3 weekly medication planners which contained medications. Resident 1's planner was green. Resident 2's planner was red and Resident 3's planner was blue. Surveyor did not observe any labels indicating what medications were in the pill boxes. When asked about the medication planners, Licensee A stated s/he filled them weekly. On 07/14/2025 at 10:30 AM, Surveyor interviewed Licensee A via phone. Surveyor shared concerns related to the provider's medication set-up practices. Licensee A stated s/he was willing to make any necessary changes to be in compliance. Licensee A stated the medication planners worked well for his/her residents and they were practical to use when the residents would leave on weekend outings. The provider did not ensure prescriptions remained in original containers when Licensee A transferred resident medications into weekly medication planners.	M 458
