RM-D reported they have experienced difficulty finding staff to transport for appointments. Sometimes the direct support professionals (caregivers) take residents to appointments. When this occurs, the direct support professionals often book follow-up appointments during times when the vans are not available, such as day program transport times. AD-C advised they would like for area directors or regional managers to attend the appointments, but often they are working shifts in the home to cover staffing requirements.<br><br>Resident 2 went without the 3-4 month injection scheduled on 01/16/2025 and did not receive another one until 05/20/2025. | N 435                                                                                     |                                                                                                                          |                                                                |
